## Move To Sell Sheriff's New Car Falters

Tarleton Mayor Scolds Ammer For Decision

Pickaway County Commissioner Charles Morris' motion to sell 1959 convertible confiscated by the county died for a lack of second yesterday.

Meanwhile, George D. Karshner, mayor of Tarleton, today scolded County Common Pleas Judge William Ammer for placing the automobile's title in the name of the Sheriff's Department.

Morris made the motion during the weekly Commissioners' meeting.

His motion referred to the automobile owned by Leonard Posner, 22, New York, N. Y., who was recently placed on five years probation for the illegal possession of narcotics.

Posner and his partner, Lemuel Carter, 26, New York, N. Y., were apprehended in Tarleton's village square on July 12.

A DAY LATER, Deputy Sheriff Dwight Radcliff found several packets of heroin, needles and syringes in the automobile while it was parked in the courthouse lot.

Both Posner and Carter were indicted by a County Grand Jury for the illegal possession of narcotics. Carter was convicted by a Common Pleas Court petit jury and sentenced to the Ohio State Penitentiary, Columbus, for two to 15 years.

After Posner was placed on probation, Common Pleas Judge William Ammer ordered the automobile confiscated and its title placed in the name of the Sheriff's Department.

Tarleton objected and asked the court to reconsider its order and transfer the car to the village. Judge Ammer overruled Tarleton's motion and said the Commissioners had the right to sell the car.

Morris, a Salt Creek Twp. resident, made the motion to sell the car which failed due to a lack of a second from either Commissioner Clyde E. Michel or Commissioner Wayne G. Hines. Michel, chairman of the three-member board, had no statement to make today.

Morris said he wanted to sell the car and place the money realized from the sale, in the county's general fund. He said that it would be possible to purchase needed equipment for the County and Children's Homes, such as mattresses, bed clothing and other items.

MORRIS also said he didn't think the Sheriff's Department needs the automobile. He continued saying, "I've heard from many sources that the Sheriff's Department is making unnecessary calls on highways under the jurisdiction of the State Highway Patrol."

"Many people," Morris continued, "feel that if the Sheriff's Department would let the Highway Patrol answer calls on accidents pertaining to state highways, another car would not be needed."

Morris was quoted as saying the Commissioners plan to place all county-owned motor vehicle titles in the name of the board. Last week, in overruling Tarleton's car motion, Judge Ammer said he felt that placing motor vehicle titles in the names of departments was illegal procedure.

Mayor Karshner today issued a proclamation stating that Tarleton's village council has authorized its attorney, Evan P. Ford, to appeal Judge Ammer's decision with the 4th District Court of Appeals.

He said the Tarleton council feels Judge Ammer made a wrong decision in placing the car in the Sheriff's Department and is therefore appealing it.

Karshner said that the people in Tarleton and throughout the county feel the Judge would not have placed the car for the Sheriff's Department's disposal. To date, no appeal has been filed by Tarleton's attorney.

## Smaller Nations Fearful about Coming Big Talks

PARIS (AP)—Belgium, Greece and Turkey expressed fears today they may be affected by decisions taken at an East-West summit conference in which they had no part.

The three little nations—supported in part by Norway and Italy—spoke up at a closed session of the Atlantic Alliance's Ministerial Council.

The council gave full support to the Western Big Three proposal for summit talks with the Soviet Union but with a proviso for prior consultation among the allies.

Strong hints came from Moscow that Premier Nikita Khrushchev will accept the Western invitation to a summit session this spring with the United States, Britain and France.

U. S. Secretary of State Christian A. Herter and British Foreign Secretary Selwyn Lloyd took pains to reassure doubtful smaller nations.

Herter and Lloyd assured the other ministers that no nation's interests would be jeopardized by the talks. NATO officials emphasized that the issue did not develop to the point of acrimony.

Turkish Foreign Minister Fatih Rustu Zorlu expressed doubts the Soviet Union has the peaceful intentions it professes. This, he said, made firm consultation all round more than ever necessary.

Lloyd said that even on disarmament he did not visualize any final agreements would be made without full approval of any nation concerned. Sources said the allies appeared reassured by these pledges and the meeting closed harmoniously.

It was reported authoritatively that the United States considered the West's proposals for a series of summit conferences as mainly a psychological move in order not to raise false hopes.

The United States does not believe

the proposal for a series of summit conferences in any way commits the West to more than the Paris meeting proposed for April, it was reported on high authority.

The test of whether any future summit meetings will be arranged will be the sincerity shown by Moscow at the first conference.

The Ministerial Council of NATO ended its annual policy review meeting after hearing a report from French Foreign Minister Maurice Couve de Murville on the weekend meeting of the Western Big Four.

The 15-nation council in a communiqué said it fully supported the invitation the United States, Britain and France sent Khrushchev Monday. West Germany also attended the weekend meeting, but will not go to the East-West summit.

The ministers also endorsed the Western proposal that the new 10-nation Western-Communist disarmament conference start work in Geneva March 15. The council offered the services of NATO's military experts in the disarmament talks.

The NATO ministers reaffirmed their year-old pledge to support the United States, Britain and France in maintaining the freedom of West Berlin.

In a news conference the council president, Norwegian Foreign Minister Halvard Lange, predicted a period of extensive negotiations with the Soviet Union.

"Political cooperation, political unity and—I stress the word—effective political consultation are more important than ever," he declared.

Pravda, organ of the Soviet Communist party, said the Paris conference "marked a step forward on the path of easing international tension."

## Cost of Living Still Going Up

November Records New All-Time High

WASHINGTON (AP)—Living costs crept upward to another all-time high in November, but the rise was at a slower pace than in other recent months, the government reported today.

Consumer prices advanced less than one-tenth of one per cent of a level 25.6 per cent above the 1947-49 average. A month earlier, prices were 25.5 per cent above the base period.

It was the sixth time in seven months that prices, as measured by the Labor Department's consumer price index, advanced to a new peak.

The November rise was less marked than in September and October, and Ewan Clague, commissioner of labor statistics, said he looks for relative price stability until next spring.

A continued downturn in food prices helped check the November rise in the index. The big factors on the upside were increases in charges for services and for durable goods, including new autos.

The November rise in the index will bring pay increases to about 170,000 workers who get cost-of-living increases under union contracts.

Factors affecting the shift in buying power included the return of steelworkers to their jobs, which boosted average hourly earnings, and a drop in the factory work week because of layoffs by makers of autos and other goods affected by a shortage of steel.

## Area Churches Plan Services Christmas Eve

Special Christmas Eve services have been scheduled at several area churches.

A Christmas Eve Candlelight service will begin at 11 p. m. at the First English Lutheran Church, Ashville.

Pastor Robert D. Gruenberg's sermon will be "Mary's Little Boy Child" based upon the text from the Christmas Gospel of St. Luke.

Special features of this service will be the choral anthems under the direction of Mrs. Donald Flieri and accompanied by Miss Miriam Ward.

The fifth and final candle in the Advent wreath, the Christ candle, will be lighted at this time. Every participant in the service will take part in the candle-lighting service which will take place at the conclusion of the program.

Services will be held at the Christ Lick Run Lutheran Church, Route 56, at 7:30 p. m. Christmas Eve. The program will be handled by the Sunday School children. Christmas carols will be sung by the children and congregation.

Services will begin at 11:15 p. m. Christmas Eve at Derby Methodist Church.

Pastor Henry E. Giese will present the sermonette for the Christmas Eve service at St. Paul Lutheran Church, Route 2, Ashville starting at 7:30 p. m.

Nursery Class members will give their expressions of Christmas. Members of the Kindergarten, Primary I-II, and Junior I-II will present Christmas carols and readings.

The Manger scene will be portrayed by the youth of the church. Gary McCain will be the narrator. Christmas carols will be sung throughout the story.

Members and friends are invited to attend any of these special services.

## Father, Daughter Believed Thieves

NEW YORK (AP)—Detectives believe a father-daughter team may have pulled a bold \$5,600 theft on a busy New York street Monday.

Catherine Bacon, 62, a bookkeeper, was carrying the money to a bank in a paper bag when a girl of about 8 snatched it from her and ran. Miss Bacon screamed. A passer-by caught the youngster.

There was a scuffle and the girl escaped, the sack falling to the sidewalk. Bills spilled out.

A man appeared and said: "Let me help you." He picked up the scattered money—then ran in the direction opposite to that taken by the girl.

## Snow Blankets Northeast U.S.

First Day if Winter Is Rough in Areas

By THE ASSOCIATED PRESS

The first day of winter today found the Northeast shivering under a vast blanket of snow as deep as 10 inches in some spots.

One death occurred during the snowstorm in a traffic accident at Sturbridge, Mass.

Travelers crept along treacherously icy highways. Schools closed in some areas. Emergency crews moved in quickly to keep traffic moving where possible. Some buses were trapped in the snow.

Trains were delayed. Air traffic was slightly delayed.

Heavy winds whipped the snow across a region stretching from the Great Lakes east through Pennsylvania, West Virginia, Maryland, New Jersey, New York and parts of New England. The Atlantic Coast in New Jersey and New York appeared hardest hit.

The Weather Bureau said the storm was expected to end tonight throughout the area.

In New York City, seven inches piled up before the snowfall ended.

All arteries into the city were clogged with traffic during the morning rush hour. The storm knocked out some subways and others were running late.

In Rockland County, N. Y., the snow was 10 inches deep in some spots. A number of schools closed in New York and New Jersey.

The storm covered virtually all of Pennsylvania to a depth of five inches in the western part of the state.

Several hundred cars were trapped several hours on Route 35 in New Jersey between Middletown and Red Bank. The stranded motorists included three pregnant women headed for hospitals. A doctor, also snowbound in the traffic snarl, attended them until emergency crews hurried them to hospitals.

It was cold across most of the northern half of the country. The lowest readings—edging toward zero—were near the Canadian border from Minnesota to Maine.

Temperatures rose gradually south of the coldest weather, with readings in the teens from southern New England through Wisconsin.

## Cranberry Men To Ask Huge Payment

BOSTON (AP)—The National Cranberry Institute will seek federal government payments of 15 to 20 million dollars for damages the industry says it sustained through a Food and Drug Administration announcement last month.

The Food and Drug Administration's pre-Thanksgiving announcement that some berries were thought to have been contaminated by a weed killer caused heavy damage in the marketing of the 1959 crop, and may cause losses in the 1960 crop, Institute President Orrin Colley said Monday.

"Cranberry growers are asking the government for indemnification," Colley said, "because of the unprecedented action by Welfare Secretary Arthur S. Flemming who deviated from accepted policies of his Food and Drug division and publicly singled out the cranberry industry at the peak of its marketing season without giving the industry opportunity to defend itself against the charges."

He made the announcement after a seven-hour meeting of industry representatives from Massachusetts, New Jersey, Wisconsin, Washington and Oregon.

## Morocco, Spain Give Ike Big Cheer

By THE ASSOCIATED PRESS

Morocco and Spain gave President Eisenhower some of the biggest cheers of his now-concluding three-continent tour.

In Spain, the U.S. chieftain talked with Generalissimo Francisco Franco and then departed southward for a conference with the North African potentate, Moroccan King Mohammed V.

Eisenhower's big jet plane landed near Casablanca which he last visited in 1943 as a wartime general.

The United States has agreed to surrender the five American bases it built in Morocco at a cost of more than 400 million dollars while Morocco was a protectorate of France and Spain. They are staffed by 11,000 Americans, employ 8,000 Moroccan civilians and pour about 64 million dollars annually into the Moroccan economy.

While this will satisfy a Moroccan yearning for political and military independence, the departure of the U.S. forces will worsen an economic situation that has become grave in the first three uneasy years of independence.

So far Morocco has received 102 million dollars in U.S. economic aid. Much more is needed to provide work for 350,000 unemployed and develop the country.

The prestige of Eisenhower's visit may help King Mohammed shore up a taut political situation. Although the King is enormously popular with his nine million subjects, the leftists have raised an increasing clamor against his absolute power.

He holds supreme civil and religious authority. Moroccan theocracy is a constitutional monarchy, but no election has ever been held.

Spain's welcome gratified Eisenhower. White House press secretary James C. Hagerty said the President was completely overwhelmed by the warmth and size of the reception given him in Madrid.

Eisenhower and Franco agreed that Western talks with Russia will help the cause of peace. But they added that "a firm defense posture should be maintained" by the Western powers.

The two chiefs of state after a breakfast conference of two hours and 20 minutes at Franco's Pardo Palace said their conversation strengthened the bonds of cooperation between Spain and the United States.

About a million Spaniards roared "Viva Ike" as the President rode through Madrid with Franco, resplendent in his generalissimo's uniform, in cold rain and wind late Monday.

His communique said Eisenhower had given Franco and members of his government a full briefing on the purposes of his 22,000-mile tour of three continents and the results he hoped to attain.

"The talks, which covered a wide variety of other international matters of interest to both countries, were conducted in an atmosphere of cordiality and understanding," the statement said.

Franco said in toasting Eisenhower at a banquet Monday night

## U.S. GIs Play Santa For Japanese Kiddies

NAGOYA, Japan (AP)—U. S. forces played Santa Claus today for more than 5,000 children in this central Japanese city devastated by a typhoon last September.

A caravan of U. S. Army and Navy trucks toured day nurseries and kindergartens, and American servicemen distributed toys and other gifts collected by U. S. servicemen in a "Toys for Tots" campaign throughout Japan.

## 11 Nations See U.S. Chieftain

Many Friends Made, Leaders Influenced

By THE ASSOCIATED PRESS  
President Eisenhower was winging his way home this afternoon after a triumphal tour of 11 nations on three continents.

Everywhere, the U.S. chieftain's welcome was tremendous. Tonight's reception in the nation's capital will be no exception. Thousands are expected to turn out with a torchlight parade of "welcome home, Ike."

The President's orange-nosed jetliner is scheduled to touch down at Andrews Air Force Base outside Washington at 11 p. m. EST.

The last leg of the tour through Europe, the Middle East and Asia started at Nansau Air Base near Casablanca, Morocco. One refueling stop for the President's huge jet transport plane had been scheduled, at Gander, Nfld.

The Eisenhower tour exceeded all expectations insofar as reception by common peoples is concerned. All along the route, the U.S. President won new friends and perhaps influenced some very important people as he sold American peace and friendship.

But only time will tell whether the President's venture into personal diplomacy eased any of the bitter struggles which plague much of the 22,000 miles he traveled.

His top aides are convinced that the good will and sincerity Eisenhower radiated, both before cheering crowds and in confidential talks with foreign leaders, will pay impressive dividends later.

In his modern Odyssey, they say, the President created a "peace atmosphere" which will help many nations to discuss their quarrels with others more calmly—and eventually with positive results.

This would be a notable achievement for a journey which, in any event, will go down in history as one of the most adventurous ever undertaken by an American president.

Even the most skeptical of those accompanying Eisenhower acknowledge that his trip already has yielded significant short-term gains for American foreign policy. These appear to be:

1. A hefty boost in American prestige in Asia, particularly in neutral-minded India, which may be the main arena in the East-West struggle for the allegiance of uncommitted millions during the next decades.

2. New luster for Eisenhower's reputation as a world leader dedicated to peace. This bolsters him in advance of face-to-face talks with the Soviet Union's Nikita Khrushchev.

The President made no visible effort to use his added prestige to dominate the Western Big Four summit meeting which ended in Paris Monday. Eisenhower's role was overshadowed by French President Charles de Gaulle, who wound up convincing Eisenhower and British Prime Minister Harold Macmillan that Paris should be the site of the proposed East-West summit parley.

## Auto Transmission Thieves Are Nabbed

CINCINNATI (AP)—Police in nearby Norwood say they have tracked down 23 high speed auto transmissions they say were smuggled out of a General Motors Corp. plant and sold. Police charged Alan Doherty, 33, Covington, Ky., plant guard, and Arthur McCreary, 34, Norwood, with grand larceny, and charged Thomas Smith, Kenwood, bartender, with receiving stolen goods.

All were arrested Saturday. Police said the transmissions and other gear taken from the plant was valued at \$7,000 to \$10,000.

## Ralston Purina Employees Enjoy Annual Yule Party

The Ralston Purina Company held its annual Christmas banquet at the E. U. B. Church Center, Saturday, about 185 were present.

The program was opened with the invocation by the Rev. Paul Wachs; the group was then led in Christmas Carols by Glen W. Justice.

Following a traditional Christmas dinner, L. D. Varble, manager of Circleville's Purina plant, introduced the guests and emcee for the evening.

After a brief talk by the emcee, Robert Holt, 10-year service awards were presented by L. D. Varble. Employees celebrating their 10th year of service to the company in 1959, had their choice of a travel clock or gold ring. Employees receiving 10-year service awards were: Kenneth Schwalbaugh, Charles Good, Richard Drais, Glen Justice, Carl Dresbach, Carl Jones, Hugh Montgomery, Dannie Hettinger, John MacKenzie and Faye Hollis.

For 15 years of service employees were given engraved watches. Those receiving this award for 1959 were Helen Armstrong and Coit Doner.

THOSE WHO received 25-year awards were Glenn Hines and George Kerr. They received shares of Purina stock on their anniversary date.

A skit, "The Candid Camera", was presented by Glenn Weiler and Harry Kaper following the presentation of 10-year service awards. Members of the cast of a second skit, "Rosie Belle", which followed the presentation of 15-year awards, were Miss Judy Patterson, Miss Bonnie Neff, Mark Coffland and Robert Conway.

After the presentation of 25-year awards, Robert Holt introduced the superintendent of the Purina

## Freak Typhoon Causes Havoc In Philippines

MANILA (AP)—Typhoon Gilda one of the worst storms to hit the Philippines in recent memory, left at least 20 persons dead, 27 missing and some 60,000 homeless, official reports said today.

The typhoon also dealt a staggering blow to the Philippines' coconut industry, the largest in the world. The 120-mile winds ripped through coconut plantations in the rich, thickly populated central islands 150 miles south of Manila.

Authorities said it might take four years for the coconut industry to recover.

A report from Samar Island, which bore the brunt of the onslaught last Friday and Saturday, said 27 towns were badly hit and some 2,500 homes swept away.

Fourteen of the deaths resulted from the sinking of the inter-island ship M. V. Rizal. Another 27 of the 107 passengers and crewmen aboard were missing. The others were rescued.

A launch, reported missing earlier with 100 teachers aboard, was reported safe.

Gilda was considered a freak. The storm season usually ends in November.

## Insurance Company Gets Court Award

The Pickaway County Common Pleas Court yesterday awarded the American Motorists Insurance Co. \$2,221.90 in damages against Ellis Creameans, 433 Watt St.

Creameans' attorney, Harry Margulis, appeared for his client saying he did not wish to plead. The case then was submitted to the court for hearing and a decision.

Judge Ammer heard the evidence and upon consideration found the defendant guilty of failing to yield the right-of-way.

According to the plaintiff's petition, Creameans drove onto Route 23 from a private drive out of Chuck's Drive-In and was struck by an automobile driven by Edward P. Pickard.

According to American Motorists, Pickard couldn't avoid hitting Creameans' car. Judge Ammer found that Pickard's car was worth \$1,831.90 before the accident and \$360 afterwards.

A total of \$1,471.90 in damages was awarded American Motorists plus \$800 for medical expenses for injuries suffered by Pickard's son, Edward P. Jr., and his wife, Ruth.

## Stock Mart Is Mixed, But Active

NEW YORK (AP)—Steels, motors and electronics made gains in a mixed stock market early this afternoon. Trading was moderately active.

Key stocks showed gains or losses of fractions to about a point.

A scattering of selected stocks, particularly among the electronics, did better, scoring gains of 2 or 3 points.

Turnover was down considerably from Monday when the Dow Jones industrial average for the second time in a week failed to hold a gain which would have put it above the closing record high.

Most of the coppers moved a bit higher following news of a price boost by a big Belgian producer. Oils, rails, electrical equipments and most chemicals drifted off.

Hope of a steel strike settlement perked up again with the agreement by steel management to company-by-company negotiations. Jones & Laughlin picked up more than 2 points, Republic Steel more than a point and U.S. Steel about a point.

Chrysler recovered about a point. Ford and General Motors added fractions. American Motors was around a point higher.

The Associated Press average of 60 stocks, at noon was off 20 cents to \$228.80 with the industrials off 10 cents, the rails off 40 cents and the utilities unchanged.

Long range U.S. government bonds declined to new historic lows.

## 55 Traffic Deaths On Holidays Seen

COLUMBUS, Ohio (AP)—The State Highway Patrol estimated today that 55 motorists will die in Ohio traffic accidents over the Christmas and New Year weekends.

Supt. Scott B. Radcliffe warned that traffic offenders will be cited for court in an attempt to keep accidents at a minimum.

Last year, when Christmas and New Year's Day fell on Thursday, traffic fatalities for the two weekends totaled 51. Eleven were killed on Christmas Day.

Director J. Grant Keys of the Highway Safety Department said fatalities this year might exceed those of the 1958 holiday period because of heavier travel.

## Paint Job Ordered

The Pickaway County Commissioners yesterday employed Chester Hill, Route 4, to paint a basement room in the Memorial Hall. Cost of the painting labor was set at \$65.

## OHIO CASH GRAIN

COLUMBUS, Ohio (AP)—Ohio Dept. of Agri. cash grain prices: No 2 red wheat mostly unchanged to 1 higher 1.86-1.91, mostly 1.88; No 2 yellow ear corn mostly unchanged to 1 higher 98-1.06 per bu, mostly 1.03; or 1.40-1.51 per 100 lbs, mostly 1.47; No 2 oats unchanged to 2 higher 68-75, mostly 72-75; No 1 soybeans mostly unchanged 1.96-2.01, mostly 2.00.

## New News Policy Is Best

In recent years there has grown up a philosophy in Washington that the news should be "managed" — that announcements should be timed for their best effectiveness on policy, that discouraging news should be suppressed.

In recent months, this has taken the form of big promotional build-ups for what the U. S. intended to do in the fields of rockets, space probes and other spectacular projects. Uncle Sam has told the world what he intended to do — and often Neil McElroy.

Thomas S. Gates, new Secretary of Defense, seems to have taken a new attitude toward information with him when he moved into McElroy's office. He says he will not be the Pentagon's sole voice, but that the secretaries of the Army, Navy and Air Force will be encouraged to hold

news conferences.

Cabinet and other high officials "must operate in an open, glass-roofed house" and seek to hide nothing except matters genuinely involved in military security, he said.

This is an excellent policy, and if adhered to during his tenure, should do much to restore the foundation of truth on which Americans' faith in their government depends so heavily.

## 4-Letter Word Changed Life

By Hal Boyle

NEW YORK (AP) — Fifteen years ago today a U.S. brigadier general became the first soldier in history to win military immortality with a four-letter word.

The word was "Nuts!" and the man who said it—and later came to hate the word—now feels it changed his whole life.

This bit of American slang, delivered as a defiant reply to a German surrender demand, infuriated a Nazi army. It set the Allied world rocking with laughter and pride.

Today it is still the best remembered symbol of the greatest engagement fought by American troops in World War II—the Battle of the Bulge in Belgium. The battle, personally planned by Adolf Hitler in a last-ditch gamble, began at 5 a.m. Dec. 16, 1944, with a bombardment by 1,900 German artillery pieces.

The Nazis, attacking with 250,000 troops and 1,000 tanks through the Allied "rest camp" area in the Ardennes, achieved complete tactical surprise.

The acting commander, Anthony (Old Crock) McAuliffe and the 101st Airborne Division were rushed by truck to Bastogne. There, strongly supported by elements of the U.S. 9th and 10th Armored Divisions, McAuliffe held the vital Belgium road center against frantic German breakthrough efforts.

The enemy couldn't bypass him. They had to destroy his force to go on. And if they couldn't go on their cause was lost.

It was a bloody battle fought

in a frigid hell. The U.S. forces cheerfully gave the map code name "Merry Christmas" to the 20-square mile area they held that blocked the gigantic German advance.

By Dec. 22, McAuliffe and his 10,000 men were surrounded by seven Nazi divisions and outnumbered four to one.

Through the morning gloom four German soldiers carrying a white flag trudged up to an outpost three miles south of Bastogne.

They carried a message which said in part: "The fortune of war is changing. There is only one possibility to save the encircled U.S.A. troops from total annihilation. That is the honorable surrender of the encircled town."

"If this proposal should be rejected, one German artillery corps and six heavy battalions are ready to annihilate the U.S.A. troops in and near Bastogne."

The four Germans, blindfolded by their own truce flag, were handed McAuliffe's quickly scrawled reply: "To the German commander Nuts! The American Commander."

When one of the Germans who spoke English complained he didn't understand the message, he was told it meant "go to hell." He said he understood this, and the four were blindfolded again and led away.

The battle raged on for more than four days and four nights until an armored column from Gen. George Patton's 3rd broke

through and lifted the siege.

"Old Crock," a square-jawed, 5-foot-5 soldier who weighed only 135 pounds, performed heroically before and after the Bastogne siege. After the war he rose steadily in the service until he retired in 1956 as a full general commanding the U.S. Army in Europe. He is now a vice president of the American Cyanamid Co.

Although over the years he had to tell the Bastogne story so often he shuddered when anyone at a cocktail party passed the nuts, he now is reconciled to the word "nuts!"

A modest man, he feels it was his spur-of-the-moment choice of this odd one-word classic answer that helped send him later up the Army ladder.

At the time of the Bastogne siege he wore a brigadier's star, but his permanent rank was that of colonel.

Last week, mellow, handsome and graying at 61, "Tony" McAuliffe philosophically told a reunion at the overseas Press Club here: "Except for the word 'nuts' I'd probably have been known only as a competent combat colonel. Sometimes you have to have more than competence—you have to have a bit of luck."

Then, paying tribute to the troops under him who halted the baffled German tide in the snow at Bastogne 15 years ago, he said: "All you can do as a commander is to put the men out there and hope they'll do their stuff. They are the ones."

## Spots before Eyes Common

By Herman N. Bundesen, M.D.  
Do you see spots before your eyes?

Well, maybe you can blame it on nearsightedness or even on indigestion. Then, again, maybe you're just getting old.

See an eye specialist about it but don't worry, it is a fairly common occurrence.

We call the condition "Muscae volitantes" which means flying flies. And that's just what the pesky spots or specks look like. They just seem to float in front of your eyes.

Between the retina and the lens of the eye is a substance known as the vitreous humor. Normally this is jelly-like and transparent. However, sometimes it becomes watery.

When this happens, some of the cells of this vitreous humor might become opaque and float around in the field of vision.

It might be annoying, but it is seldom dangerous. Rarely do these spots interfere with vision or become worse.

Often they are associated with visual errors such as nearsightedness. And the condition may be temporarily aggravated during digestive disturbances.

If they are going to develop at all, the spots usually appear in middle age, sometimes earlier.

Correction of any visual error you might have may solve the problem by eliminating the annoying spots. See your eye doctor at any rate, if you see spots.

While we are on the subject of eyes, perhaps you have wondered why persons from northern countries, such as Sweden and Norway, almost always have light eyes, generally pure blue, and those from southern Europe, Italy, Spain and others, usually have dark brown irises.

Well, the Better Vision Institute says the answer to that one is easy.

Light-colored eyes are more sensitive to glare; thus, in the northern countries where the sunlight is weak, the inhabitants tend to have light eyes. Dark eyes offer some protection against intensely bright sunlight, such as that of

Spain and Italy. Nature, in a way, provides its own sun glasses.

### Question and Answer

Mr. J. B.: What causes the ear to become plugged with wax?

Answer: Wax accumulates in the ear for several reasons.

A narrow ear canal or one with a sharp curve may hold the wax. Some people secrete wax or a heavier wax which tends to accumulate.

Be sure that an excessive amount of wax does not accumulate in your ear, and if it does, it is necessary to consult your doctor.

## Women's Vote Hasn't Helped

By George Sokolsky

Mrs. John A. Weiss of Adams, Mass., writes me complainingly that folks in her town take no interest in historical sites. Her particular annoyance is that the memory of Susan B. Anthony, who fought for women's rights in this country, is ignored by her townsfolk and perhaps by posterity.

That is not an unusual response to greatness. Nowadays Presidents have their friends erect memorial libraries to them while they are still alive to make certain that they will not be forgotten as most of our Presidents have been.

There used to be a ramshackle house in New York in which James Monroe lived at one time but it has been torn down to make a street wider. However, Herbert Hoover, Franklin D. Roosevelt and Harry Truman have memorials erected for them as repositories of books and letters and such matter.

President Wilson is without a genizah which is a cemetery of books and papers. Most Presidents have not had the money or the friends to erect monuments to their memory.

The French who have always had a profound sense of history have with the greatest care preserved their historical buildings and monuments. In the United States there are several organizations that are engaged in preserving historic sites. The Massachusetts Trustees of Reservations, which looks after such matters, is particularly active and has been very successful in marking out and preserving places of historic interest. There are similar societies in many states.

Susan B. Anthony ought not to be forgotten. She fought for women's rights with more vigor and enthusiasm than discretion.

To turn from a gigantic dream to a small fact—we note in a magazine nature article there is a type of beetle that always swims upside down. Probably spends its life wondering how come the sky is so full of water!

See "THE STEVE ALLEN PLYMOUTH SHOW," Monday nights, NBC-TV. Solid!

This car is built a new solid way by Chrysler Corporation engineers. It simply doesn't have many parts that work loose and need fixing in some cars. We'd like to answer some questions about this car now:

Q. What is this new way of building?

A. Chrysler Corporation's virtually trouble-free version of unit construction. Body and undersills are joined in a single unit of enormous strength, locked by close to 5400 welds. In Dura-Quiet Unibody, there is no frame and no conventional body bolts, struts, braces, etc., to loosen and rattle.

Q. What about power and performance?

A. There's the new 30-D Economy Six, a new "inclined" six that delivers outstanding economy in normal driving. The standard V-8 is the Fury V-800 which three times in a row topped its class in the Mobilgas Economy Run. Or you may choose the extra-cost SonaRamic Commando V-8.

If you ask us, this is the best built, best performing low-price car of all. Give it a real try soon, won't you?

A Chrysler-engineered product, built a new solid way to give you solid satisfaction.

### Miss Joan List To Become Bride of Mr. Jim D. Mace

Mr. and Mrs. Ellis List, Williamsport, are announcing the approaching marriage of their daughter, Joan Lee, to Mr. Jim D.

MISS JOAN LEE LIST

Mace, son of Mr. and Mrs. Arthur Mace, Route 3.

The double ring ceremony will

be performed by Pastor Carl G. Zehner at 2 p. m. Saturday, January 9, in the Trinity Lutheran Church.

The bride-elect is a graduate of Jackson Twp. High School and affiliated with the editorial staff of The Herald.

Mr. Mace is a graduate of Jackson Twp. High School and owns, drives and trains race horses.

### Samuel Esely Marries Girl From Florida

Mr. and Mrs. Iron Rutter, Route 4, are announcing the marriage of Mrs. Rutter's son, Samuel Esely, to Miss Colene Akins, daughter of Mr. and Mrs. M. B. Cobb, Mayport, Fla.

The marriage was performed Friday in Mayport at the home of Judge G. Harris, who officiated.

The bride is a 1959 graduate of Technical High School where she studied dentistry. She is employed as a dental assistant in Jacksonville Beach, Fla.

Mr. Esely is a Petty officer in the US Navy and has been stationed at Mayport the past three years.

Mr. and Mrs. Esely are now visiting with relatives and friends in Circleville prior to his departure Sunday to his new assignment at Key West, Fla.

### Builders Class Goes Caroling

Members of the Builders Class of Calvary EUB Church gathered at the church for the candlelight service given by the youth of the church Sunday. They then caroled for the shut-ins of the church.

After caroling members went to the home of their teacher, Mrs. Harry E. Betz, 105 Reber Ave., for a party and gift exchange.

Officers for the coming year are June Amann, president; Betty Conrad, vice-president; Toni Agin, secretary; David Ward, treasurer; Arthur Hoy, news reporter.

The new class motto is "God is my Leader"; chorus, "My Desire" and the Scripture is taken from St. Luke Chapter 17:21.

Those present were Bonnie Puckett, Deanna Jones, David Ward, Ruth Ann Brungs, Betty Conrad, Virginia Puckett, June Amann, Arthur Hoy, Sharon Wee-thee, Toni Agin, Glenda Melvin and Mr. and Mrs. Betz.

Small broad-breasted turkeys take several hours to roast because of their large proportion of meat to bone.

### Kingston Group Entertained at Chillicothe

Several members of the Kingston Women's Society of Christian Service accepted the invitation to join with the Trinity Church, Chillicothe, for its WSCS meeting Wednesday evening which was preceded by a pot-luck-dinner in the dining room.

Following the dinner a program was presented by the local group in the sanctuary of the church. It was decorated with greenery, poinsettia plants and a huge Christmas tree. On the altar was a large Nativity scene.

Miss Irene Hesselgesser, missionary to Brazil who is on furlough, gave an illustrated talk on her work showing schools with which she has been affiliated.

Those attending from Kingston were Mrs. Paul Hankins, Mrs. Elizabeth Bennett, Mrs. Lawrence Betz, Mrs. Wallace Evans, Mrs. Lovetta Reynolds, Mrs. Pearl Patrick and Miss Margaret Thomas.

### Joe Goeller Is CYO President

An election of officers highlighted the meeting of the Catholic Youth Organization of St. Joseph's Church Wednesday evening in the church basement.

The meeting was opened by Msgr. Mason leading prayer. Plans were made for activities during the Christmas holiday. Members decided to help a needy family have a happier Christmas.

Officers for the coming year are Joe Goeller, president; Ed Clark, vice-president; Teresa Rhoads, secretary; Bryan Smyth, treasurer; and Joe Rooney, sergeant at arms.

### Stevenson Girls Host Party For Classmates at Jackson

Misses Nancy and Becky Stevenson entertained the seventh and ninth grade students of Jackson Twp. High School at a Christmas party Saturday in the home of their parents, Mr. and Mrs. Ralph Stevenson, Route 3.

The party was held in the recreation room which was gaily decorated for the holiday season along with the traditional mistletoe and Christmas tree. Linda Minor and Judy Allen assisted the hostesses with decorations.

Evening entertainment consisted of games, table tennis, shuffle board, dancing and cards.

Students participated in a gift exchange and presented Mr. and Mrs. Stevenson with a hand painted tray. Each brought a can of food to help a needy family for Christmas.

Guests were served Christmas

cookies, potato chips, soft drinks and candy. James Brown and Mrs. Gordon Anderson, seventh and ninth grade supervisors, assisted Mr. and Mrs. Stevenson.

Seventh graders present were Linda Smith, Mary and Lloyd Tilton, Tommy Combs, Tommy Fleming, Carl Martin, Leonard Masie, Dickie Hix, Bruce List, Steve Neff and Edith Valette.

Geraldine Mounts, Linda Reed, Sandra Bayes, Jane Skaggs, Freda Hayes, Charles Malone, Don O'Connor, Susan Pontious, Roger Diffendal, Sue Perkins, Linda Minor and Becky Stevenson.

### Beta Kappa Chapter Holds Christmas Party Here

The Pickaway Country Club was the scene for the annual Christmas party of the Beta Kappa Chapter of Sigma Phi Gamma Sorority Wednesday evening.

Secret pals for the past year were revealed with the exchange of gifts. The table was decorated with Christmas greenery and candles.

The center-piece which was given for the door prize was won by Mrs. Blenn L. Stevenson.

Members decided to give a basket to a needy family for Christmas. Chairman for this project will be Miss Margaret Goode, Welfare chairman and Mrs. Robert Moon.

Delegates to the Province meet-

ing to be held in February will be Miss Pat Hughes and Miss Barbara Caskey. Alternate is Mrs. Robert Walker.

Those attending were Mrs. Thomas Dewey, Mrs. Donald Mee-nach, Mrs. Robert Walker, Mrs. Blenn L. Stevenson, Mrs. Jerald Easter, Miss Agnes Jester, Miss Margaret Goode, Miss Barbara Caskey, Mrs. James Brown, Mrs. Carl Rihl and Miss Pat Hughes.

Mrs. Jerald Easter, 434 E. Franklin St., will host the January 13th meeting.

### Mrs. Russell Honored by Kingston Choir

Following choir practice at the Kingston Methodist Church Wednesday evening members were reminded that it was Mrs. William Russell's birthday.

When the group accompanied her home they found Mr. and Mrs. Russell with a birthday cake and coffee ready for them.

This was a real surprise for Mrs. Russell as was the silver tea service that her husband gave her.

Besides Mr. and Mrs. Rounsley and their children, Ricky, Susie, Pam and Debbie and the Russell children, Ken and Mark were Mrs. Raymond Davis, Mrs. Lawrence Kerns, Marvin Mitchell and Mr. and Mrs. Dwight Davis.

Mrs. Royce Conaway, Mrs. Sherman Edler, Christy and Amy, Mrs. Donald Buchwalter, Mrs. Kenneth Timmons, Forest Kreisel and Miss Eileen Bower.

### Republican Club Schedules Tea

Mrs. Eugene P. Hanson, 345 E. Main St., will entertain at a Holiday Tea for members of the Pickaway County Women's Republican Club from 2-5 p. m. Monday.

The Rev. Carl G. Zehner will give invocation. The program will consist of a piano solo by Patty Watson; Jeffrey Spalding will give the Bible version of the Christmas story and Skipper Hanson will render a piano solo and accompany the group singing Christmas carols.

Assisting hostesses will be Mrs. Lawrence Liston, Mrs. B. T. Hedges, Mrs. C. P. Heiskell, Mrs. J. B. Work, Mrs. Louis Mebs, Mrs. Sterley Croman and Miss Betty McCoy.

### Siniffs Have Christmas Party

# Yule Ribbon, Paper Firms Enjoying Boom

## Gift Embellishment Business Expects 1960 To Be Big, Too

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—The late Christmas shopper—and how many of you could cast the first stone?—probably is all tied up or snowed under today in millions of yards of decorative ribbons and string, wrappings, seals and stickers and Christmas cards.

And the some 50 factories across the land that make these things are already taking in new carloads of raw material and starting production for next Christmas's multimillion-dollar outpouring.

The makers of these things say that spending on colorful trappings that go only with Christmas is a strong clue that this Christmas will see the greatest exchange of gifts in the nation's history. The clue may be better than the big retail sales volume now setting a record, since so much of the buying at the stores can be for other things.

Those in the gift embellishment business say this also has been a big year for technological advances, with science and automation invading the field.

Once paper and common twine ruled almost unchallenged. Now you find mylar, nylon, laminates, polyethylene film synthetic adhesives, glass fiber, aluminum.

The Christmas seal business is blooming as never before. The Tuberculosis & Health Assn. of New York reports mailing 378 million seals, or 22 tons, to persons living in three boroughs of New York City alone.

Hallmark Cards Inc. says card sales average four million a day and that Americans will spend close to 200 million dollars this year for cards, paper, ribbon, seals, tags and decorations.

One big boost has come from business concerns themselves. They have been competing in gift wrappings and cards to attract shoppers in the nation's stores. Increasing stress on help-yourself buying, as in a supermarket, has increased the rivalry.

One firm in the bow and ribbon field, the Facile Corp. division of Sun Chemical, estimates that this year 60 million dollars worth of package ribbon has been sold, a 10 per cent gain over 1958.

# Kenneth Shell Re-Elected Trustee Head

Kenneth Shell, Route 1, Mt. Sterling, was recently re-elected president of the Pickaway County Trustees and Clerks Assn.

The annual meeting was held in the Williamsport Pavilion. It was a fish fry banquet. Walter Garrison, director of research of the trustees and clerks' state association, was guest speaker.

He spoke on recent legislation concerning township governments and the danger of the metropolitan federation to local governments.

Informed sources say Garrison also said that of the 12 trustee-sponsored bills entertained by the 103rd General Assembly, five were defeated in committee action and six others were vetoed by Governor Michael V. DiSalle.

OTHER OFFICERS elected with the Monroe Twp. trustee were Perry Twp. trustee, Homer Long, Route 1, New Holland, vice president; Monroe Twp. clerk, Earl Neff, Route 1, Mt. Sterling, secretary-treasurer, and Circleville Twp. trustee, Milton Manson, Route 4, executive committeeman.

All were re-elected and were without opposition. Membership dues are to be paid at the County Engineer's office or to Neff.

The annual trustees and clerks' convention is scheduled for Jan. 21 through 23 in Columbus.

# City's Anti-Smut Law Is Tossed Out

COLUMBUS, Ohio (AP)—Municipal Judge William T. Gillie today ruled that the city's ordinance banning the sale of obscene literature is unconstitutional.

His ruling came as he dismissed charges of selling obscene magazines against newsstand operator Tony Cimino of Columbus.

The judge upheld the dismissal motion of defense attorneys who said the city ordinance does not contain the word "knowingly." Gillie said the ordinance conflicts with Ohio law which states that a person must have knowledge that the literature he is selling is obscene.

SYNOPSIS: Santa's attempt to make a match between the Sun Daughter and the Ice King failed miserably. In anger and shame, the Ice King is determined to go back to his castle to grind out more winter.

## CHAPTER FOURTEEN ONE MORE TRY

"What will we do?" whispered Onnik as the sled flew away. "The Ice King will never stop making winter now."

"We'll make one more try," said Santa. "This one I think will do."

"Who is she?" asked Onnik. "The Ice Queen of the South," said Santa.

"I didn't know there was such a one!" exclaimed Onnik.

"Oh, yes," said Santa. "She lives at the South Pole where, I have heard, it is colder by far than at our home in the North."

The Ice King had buried his head in the polar bear's fur to hide his tears of shame and sorrow at being rejected by the Sun Daughter. As the reindeer sped towards the South Pole it grew colder and colder and the Ice King thinking they were nearing home, raised his head and shouted gleefully, "I must have left my ice machine going full blast!"

The sled came down before a palace of ice. "What is this?" cried the King. "This isn't my home."

"It is the South Pole," replied Santa. "The Ice Queen lives here. I have brought you to ask for her hand."

"Never!" roared the king. "I told you I would never humble myself again. Everyone hates me and I hate everyone and that's the end of that." And he threw himself down beside the polar bear and refused to budge an inch.

Santa left him there and went in the Ice Queen's palace.

Now the Ice Queen's palace was just like the Ice King's castle. Everything was made of ice and far above Santa could hear the same grinding, clattering noise he had heard at the King's home. Santa went up a winding ice staircase and found the Ice Queen energetically working her ice machines and pumping her wind bellows.

But this was as it should be for at the South Pole winter always came in June and July and August and when December, January and February came, the Ice Queen would stop her work for it would be summertime in her upside down world.

Santa had to holler to make himself heard over the noise. "I've brought you a suitor!" he bellowed. The Ice Queen stopped pounding and pumping. She turned and stared at Santa. She was tall and regal looking and she too had icicles in her hair and frost on her eyebrows.

"A suitor?" she exclaimed blushing. "What nonsense! Who would ever want to marry me?"

"He's in my sled," said Santa. "Come and see."

Picking up her icy skirts the Ice Queen rushed down the stairs and out to the sled. There was the Ice King sitting there with his back to her staring at his feet.

The Ice Queen walked in front of him and gazed at him worshipfully. "Oh, no!" she whispered. "He's too wonderful for me."

The Ice King raised his sullen eyes and when he saw her his heart turned over. He got out of the sled and took one step towards the Queen and then they both gulped and cried out, "Oh, would you marry me?"

They fell in each other's arms and Onnik jumped up and down with joy and Keotuk barked and even the polar bear looked pleased.

Then the Ice King said, "Fly with me now to my castle in the north."

But the Queen said, "I can't do that for it is wintertime at the South Pole and I must keep things cold."

The King looked crestfallen. "But, I can't stay here," he

"Fly with me to the North," said the Ice King.

mumbled unhappily. "I am needed at the North Pole."

Santa burst into laughter. He laughed until the tears rolled down his cheeks.

"What is so funny?" demanded the Ice King.

"You!" cried Santa. "You've forgotten—it's August! It should be summer in the North and you're not needed or wanted there at all!"

## MONROE TWP. By Marie Dingus

The Second Grade has an enrollment of 30 with 15 girls and 15 boys. Leslie Evans moved to Powell, Ohio. The class received a card from Leslie saying he liked his new school, but missed his friends at Monroe.

Everyone is bubbling with the excitement of Christmas. We had our Christmas program December 17. We had fun playing our parts in "Rudolph's Nose Trouble". We hope everyone enjoyed the program.

Our room is decorated with bells, trees, Santas, and Christmas stockings. It was fun making the decorations and talking about Christmas. We want to remember the most important part of Christmas is celebrating the birth of Jesus.

We hope everyone has a very happy Christmas.

In the past month the Fifth

Grade has met fractions with full force. Along with the remainder of the usual learning activities and the excitement of the Christmas Season we have been following the itinerary of President Eisenhower on his foreign trip. Besides drawing a world map on the blackboard with a display of newspaper clippings about the journey, there are committees of two or three making written reports about each country visited by the President. This Friday each committee will report to the class what they have found about each country.

THE FIFTH and Sixth Grades combined to present a "Nativity Tableau" for their part in the annual Christmas program. Roger Seymour, Dick Lugenbeel, Larry Williams, Roger Austin, and Wilson Puckett play the parts of the shepherds. Debra Brigner was an angel. The rest of the class memorized the Bible story of Christmas for choral reading during the Tableau.

The chemistry class has put aside the experiments for the time being and is concentrating on the valence of atoms and how to solve problems in chemistry. After the Christmas vacation they will resume experiments.

On January 1 and 2 there will be a Holiday Tournament at Monroe. The four schools participating in the tournament are Mt. Sterling, New Holland, Belfast, and Monroe. The price for adults is 50 cents and the price for students is 25 cents. The games will start at 7 p. m.

The students and teachers at Monroe wish everyone a Merry Christmas and a Happy New Year.

# Great Pens Erase Earlier Beliefs That Hymns Were 'Work of Devil'

EDITOR'S NOTE: The words to "Joy to the World" were written by Isaac Watts in 1719. A century and a half later the music was added by a Massachusetts man. The intervening period was one of the most fruitful for carol writers. This is the second of three articles on how our Christmas carols were born.

By HUGH A. MULLIGAN  
AP Newsfeatures Writer  
Isaac Watts, often called the "Father of Hymnody," came into the world when Christmas carol singing was regarded as "ye work of ye devil."

It was the latter half of the 17th Century, a time of great religious upheaval in Europe. Calvin's insistence that "the Bible alone" be used in public worship had driven popular hymns out of many churches, particularly in England among the strict Puritan sects.

Instead of hymns, the congregation chanted selected passages from the Scriptures, usually the Psalms. The clerk intoned the first line in a monotone and the people, as Watts once complained, responded with "dull indifference."

Watts, one of nine children, was the son of a boarding house keeper and deacon of the Independent church who had twice gone to prison for his religious beliefs. As a boy, Isaac had stood with his mother outside the prison gates to sing hymns to his father and the other inmates. His parents managed somehow to scrape together enough money to encourage his love of music with piano lessons.

His career as a hymn writer began when he complained one day about the uninspired songs heard in the church the family attended at Southampton.

"Then make some better ones," challenged his father.

Watts, although in poor health most of his life, responded by writing more than 600. At first they were called "Watts' Whims," but their popularity grew rapidly. When Benjamin Franklin set up his printing press at Philadelphia in 1741, the first book issued was "Watts Psalms and Hymns."

In all, Watts filled 52 volumes with his hymns. Most of them,

like "Let Dogs Delight to Bark and Bite," are long forgotten, but his "How Doth the Little Busy Bee" remains a children's favorite and his "Joy to the World" has become a cherished Christmas classic.

Watts wrote "Joy to the World" in 1719 while staying as a house guest at the estate of Sir Thomas and Lady Abney outside London. In that visit he undoubtedly set the all time guest record. He came for two weeks and stayed for 36 years. His gracious hosts complained that it didn't seem long enough.

The music we hear today to "Joy to the World" was added more than 150 years after Watts wrote the words. It was composed in about 1870 by Lowell Mason of Medfield, Mass., and based somewhat loosely on themes found in Handel's "Messiah".

When Watts died in 1748, his place in the world of religious music had already been preempted by Charles Wesley, brother of John Wesley, the founder of Methodism. The brothers went to America in 1735 as missionaries to the new colony at Georgia, where Charles was to be secretary to Gen. James Oglethorpe. Ill health forced him to return less than a year later, but he never forgot the marvelous singing of the German Moravian colonists. The Moravians, a devout sect who later moved to Pennsylvania, gave Charles Wesley the inspiration for his life work. He published his first hymns at Charleston, S.C., and was brought before the grand jury in Savannah for introducing "Unauthorized Hymns into the Worship."

As the "Poet Laureate of Methodism," he wrote more than 6,000 hymns, finding inspiration almost anywhere and writing with ease under the most difficult conditions. Once he fell off his horse while accompanying brother John on an evangelical mission and complained that the resulting injury "spoiled all my hymn writing for that day."

He dashed off "Hark the Herald Angels Sing" while walking to church one Christmas day and thrilling to the tumult of London's church bells. The first two lines, as originally written in 1739, were "Hark! how all the welkin rings

Glory to the King of Kings."

A friend, the Rev. Martin Madan, altered the opening stanza in 1760 to the version we now know. For 100 years the carol was sung to the same tune as Wesley's Easter hymn, "Christ the Lord is Risen Today," but in 1856 Dr. W. H. Cummings, organist at Waltham Abbey, fitted it to the music Mendelssohn would have been as surprised as Wesley. He wrote the music to commemorate the 300th anniversary of the invention of printing and insisted it "never would do to sacred words."

Martin Luther, the great German reformer, was also a prodigious author of Christmas carols, but it is doubted if he wrote "Away in a Manger," sometimes known as "Luther's Cradle Hymn." The carol, in the opinion of most authorities, originated among German Lutherans in Pennsylvania and was taken back to Germany in the 1840s.

But Luther, as poet Coleridge said, "did as much for the Reformation by his hymns as by his translation of the Bible." In addition to writing dozens of Christmas carols, Luther arranged and published "Good King Wenceslaus" and popularized "O Tannenbaum," the Christmas tree carol. According to legend, Luther was fascinated with the way the stars seemed to glister in the tips of the pine trees while walking in the woods one Christmas Eve. He cut a small fir tree and set out candles for stars to recreate the scene for his small children.

He wrote "From Heaven Above to Earth I Come," his most famous carol, as a Christmas cradle song for his son Paul. Bach harmonized this song for his Christmas oratorio. German soldiers sang it in the trenches during a Christmas lull in the Franco-Prussian War of 1870. French soldiers responded with Adolphe Adam's "Canticle of Christmas," better known as "O Holy Night."

Adam, composer of the ballet "Giselle" and several operas, deserves a distinguished place among the makers of Christmas music. His "O Holy Night" with its magnificent "O Night Divine" refrain is by far the best loved of all Christmas carols among professional musicians and has been sung by most of the world's

great concert and opera stars.

## King Solomon's Wisdom Questioned

WILMINGTON, Ohio (AP)—And on Dec. 19, 1959, A.D., it was written in the book of the Ohio Highway Patrol that King Solomon came to the Jordan with great haste and unwisely did smack the rear of Jordan's "chariot" on U.S. 68 just north of nearby Midland.

King Solomon Wright, 61, Burdine, Ky., was charged by the officers with failure to stop within assured clear distance. He is scheduled to appear before Clinton County Judge Frank Jandes. Both Wright's "chariot" and the "chariot" of Bert Jordan, 71, Wilmington, sustained considerable damage.

## Ross Countian Eligible For Parole at Age 75

COLUMBUS, Ohio (AP)—Ira Walker, 75, of Ross County became eligible for immediate parole consideration when Gov. Michael V. DiSalle commuted his first-degree murder sentence to second-degree Monday. Walker entered Ohio Penitentiary in 1938 for the slaying of Fred Turner over the attentions of Ethel Smith, a mutual friend.

## Alcatraz Convicts To Get Yule Candy

SAN FRANCISCO (AP)—Alcatraz convicts this Christmas are being permitted to buy a 2-pound box of chocolate candy—for the first time in the 25-year history of the federal maximum security island prison.

Warden Paul J. Madigan said 200 of the San Francisco Bay prison's 260 inmates put up \$2 and will receive the chocolates Christmas Eve. Alcatraz has no commissary for prisoner purchases.

## Jaycees Hold Christmas Party for Mission Children

The Circleville Junior Chamber of Commerce yesterday conducted a Christmas Party for four and five-year old members of the Circleville Mission, Lowery Lane.

The party was held in the Mission from 3 until 5 p. m. More than 40 children attended. They were served milk, donated by Med-o-Pure Dairy; oranges, donated by A & P, and cookies baked

ed by wives of Jaycees.

More than 200 gifts were donated by local merchants. The majority of the gifts were distributed yesterday, but a number of packages will be meted out Christmas Day by the Mission and City Patrolman Roderick List.

The Jaycee Club purchased 35 shirt and trouser outfits for the children present. Mrs. Alice Huff, 339 E. Union St., was in charge of the Mission arrangements.

## Peruvian GI Quad Amputee Sees U.S. Yule

CLEVELAND (AP)—A 24-year-old private — a quadruple amputee from Peru—arrived here from Washington Sunday night to spend his first American Christmas.

Bubbling with excitement was Pvt. Cesareo Acosta - Alvarez, accompanied by Airman Newton D. Baker. Both were patients at Walter Reed Army Hospital in Washington where they became firm friends since Acosta arrived from Peru last August.

For the next 16 days, Pvt. Acosta will be the guest of Mr. and Mrs. Ernest A. Fesco, in suburban North Olmsted. Airman Baker is Mrs. Fesco's brother.

"This was his first train trip," said Baker, who speaks Spanish fluently. "Cesareo was impressed with the speed of the trains. He really enjoyed it."

Acosta lost his limbs when a 37 mm. shell exploded in his hands during training exercises with the Peruvian army in 1956.

"Cesareo always has a smile on his face from the minute he gets up in the morning until he goes to bed at night," said Baker. "I haven't seen determination like his in all my 18 years in the Air Force."

Mrs. Fesco said she worried that Cesareo wouldn't come. She explained that every time he called, he would ask: "Do you really want me to come? Do you really?"

"We had to assure him it would be wonderful for him to visit," said Mrs. Fesco, adding:

"If we can make Cesareo happy, what better way can we spend the Christmas holiday season."

**BABY FOUND DEAD**—Miss Betty Jean Groton, 22, gives the camera a wide-eyed look in Colonie, N. Y., as she faces a first degree manslaughter charge in the death of her newborn baby. Her father found the baby's body in suitcase in the Groton home in Poughkeepsie. Baby was born in October.

## Rabbi Silver's Son Gets Recognition

CLEVELAND (AP) — Daniel Jeremy Silver has been made a full Rabbi, of equal status with his famed father, Rabbi Abba Hillel Silver, as spiritual leader of the Temple.

The temple is believed to be the only Jewish congregation in America having a father and son at its helm. The son is destined to continue as Rabbi of the 2,400-member congregation on the retirement of his father, who will be 67 next month.

Rabbi Daniel Silver was graduated from Harvard in 1948 and from Hebrew Union College—Jewish Institute of Religion, Cincinnati, in 1952.

## Canton Council Cool On Ice Skating Rink

CANTON, Ohio (AP)—A plan to install an ice skating rink in this city's Memorial Auditorium at an estimated cost of \$125,000 got a cold reaction from city councilmen Monday night. By a 12-3 vote they turned down proposals to spend \$3,500 for preliminary plans and designs.

# Tom Jenkins Dies at 79

Former Congressman Elected 17 Times

COLUMBUS, Ohio (AP)—Former Republican Rep. Thomas A. Jenkins, who for 34 years represented southern Ohio in the U.S. House of Representatives, died Monday night in a sanitarium in suburban Worthington. He was 79.

Jenkins, who was elected 17 consecutive times before retiring in 1958 because of a heart ailment, represented the eight counties of the 10th District. They include Lawrence, Jackson, Fairfield, Hocking, Vinton, Gallia, Meigs and Athens.

A native of Oak Hill in Jackson County, he was born Oct. 20, 1880. He worked in the coal mines of that area in his youth and taught school when he was still in his teens. In 1907 he was graduated from the Ohio State University Law School and immediately opened an office in Ironton which he maintained ever since.

After serving two terms as Lawrence County prosecutor Jenkins moved into state politics in 1922 when he was elected to the Ohio Senate.

Two years later he began his long tour in Washington. He had announced himself a candidate for an 18th term in 1958 but the heart ailment caused him to withdraw his name shortly before the May primary.

Even though he asked his constituents not to vote for him, Jenkins received 12,514 votes in the November 1958 election, only 618 less than Homer E. Abele, the unsuccessful GOP nominee.

In 1938 when President Roosevelt swept Democrats into office was the only Republican elected to Congress from Ohio. At that time Ohio had two Democrat senators and a Democrat governor.

In 1956 he was elected without opposition.

At his retirement, Jenkins was the second-ranked Republican on the powerful House Ways and Means Committee.

A strong backer of public works legislation, Jenkins sponsored a flood control bill in 1948 which resulted in Ironton's five-million-dollar flood wall. Later the U.S. Army Engineers named a lake and dam in Athens County after him. The lake now is called Lake Burr Oak but the dam still carries his name.

He is survived by his widow, Mabel, and a sister, Miss Margaret Jenkins, of Cincinnati.

Services will be held at 2 p.m. Thursday at the First Methodist Church in Ironton. Baker Funeral Home in that community is handling the arrangements.

## Fremont Council OKs Transit Line Purchase

FREMONT, Ohio (AP) — Two ordinances putting the city of Fremont in the bus company business became law Monday in spite of Mayor C. W. Auxter's disapproval. At the Nov. 3 election voters approved a petition for purchase of the Fremont Transit Lines for \$24,000. The system operates seven buses on four routes from 6 a.m. to 7 p.m. daily except Sunday.

# Dear Abby...

By Abigail VanBuren

## Shredded Wheat for Brains

DEAR ABBY: What do you think of a husband who says if you wear eyeglasses he won't be seen walking down the street with you? I am 55 years old and we have been married 36 years.

I started getting bad headaches and the eye doctor told me I needed glasses. I bought myself a beautiful pair and I paid a lot of money for them, too. Everybody says they look real nice but my husband says that any kind of eyeglasses look awful on a woman.

I keep telling him I can't see without them, but he says he doesn't care if I go blind. Please tell me what I should do next?

LADY WITH GLASSES  
DEAR LADY: Your husband must have shredded wheat where his brains belong. For goodness sakes, wear your eyeglasses! If he refuses to be seen with you, let him hide out.

DEAR ABBY: I have a weekly standing appointment at the beauty parlor. I have a shampoo, set and manicure. I tip each girl 25c. That makes 75c every week.

I am a working girl and pay room and board at home and buy my own clothes and try to save a little for vacations. I am not exactly "poor" but I can't afford to tip like that and buy them gifts at Christmas, too. I don't want to look cheap. What should I do at Christmas?

WORKING GIRL  
DEAR GIRL: Simply say "Merry Christmas!" (P. S. But if you feel "cheap" at Christmas time because you have not given them a gift, buy them a Christmas gift, and during the year simply say, "Thank you.")

DEAR ABBY: I am very much in love with Steve but I am beginning to wonder if the feeling is mutual. He claims he loves me, but all he ever does when he comes to my house is EAT!

My mother is the one who feeds him and she doesn't seem to mind—but I do. The reason I am bothered is because when I am near Steve I can't eat a thing.

That's the way love affects me. But Steve eats like a horse. Can our love be one-sided? Or doesn't love affect a boy's appetite the way it affects a girl's? We are both 17.

STEVE'S GIRL  
DEAR GIRL: NOTHING affects a teen-aged boy's appetite. Not even "love." In fact, most young men shovel in additional calories in order to keep the fires of love burning. Don't worry. If he says he loves you—believe him and pass the potatoes.

What's your problem? For a personal reply, write to ABBY, care of this paper. Enclose a stamped, self-addressed envelope.

## Steel Union Wives Shun New Proposal

LORAIN, Ohio (AP)—A sample vote among steelworkers' wives was 1,562 to 129 against accepting the latest contract offer of management, Local 1104 of the Steelworkers Union reported today.

George Pashkevich, vice president of the local, said union officials were pleased that the wives are backing the union's position so strongly.

The local represents workers at the National Tube Division of U.S. Steel Corp. Preparations are being made for the official poll, among members only, in the latter part of January.

## Ohioans Ordained In Vatican Ceremony

ROME (AP) — Three Ohioans were among 45 students of the Pontifical North American College in Rome who were ordained to the Roman Catholic priesthood Sunday.

Among those ordained at the ceremony in the college's chapel were Charles M. Benedetti, 1268 Lockbourne Rd., Columbus; David F. Sorohan, 318 N. High St., New Lexington, and Francis W. Voellmecke, 3986 Hayward St., Cincinnati.

Dr. Bernard Finch

Donald Williams, 23, testified that Carole Tregoff asked if he knew of two "tough guys" to do a job.

Mrs. Barbara Finch, 33-year-old victim.

Marie Ann Lidholm, 19, Swedish exchange student who was a maid in the Finch home. She told what happened the night Mrs. Finch was killed, including tussle with Finch.

Carole Tregoff looks pensive in court . . . and sobs as freedom on bail is refused.

LOVE SLAYING, THAT'S THE PROSECUTION PITCH—An account of the murder of a beautiful wife for love of a former receptionist is the tale the prosecution promises to unfold in a Los Angeles court in trial of wealthy Dr. Bernard Finch and Carole Tregoff, 22. The former Las Vegas cocktail waitress and former receptionist of Dr. Finch is accused jointly with him. Dr. Finch's estranged wife, Barbara, was shot to death in the yard of the \$65,000 Finch home in West Covina the night of July 18. The state claims she was killed so a divorce couldn't drain off the doctor's money, and he and Carole would have it.

# Clermont County Base Gets Its First Nike Missile

CINCINNATI (AP)—A Nike missile, the first that will be installed for the air defense of a tri-state area around Cincinnati, has arrived at battery site near Felicity in Clermont County.

The Felicity base is one of four that will be armed with 18 of the Nike missiles. The others are at Wilmington and Oxford, Ohio, and Dillsboro, Ind. All four batteries are expected to be armed by late January.

The first Nike to arrive was the Hercules but all four batteries will have both the Hercules and the smaller Ajax.

The weapons are designed to bring down manned bombers or "air breathing" missiles rather than ballistic missiles.

Lt. Col. Charles Arvin, commander of the Fifth Missile Battalion, said the Nike is capable of carrying nuclear warheads but he wouldn't say whether the ones installed in this area would be nuclear-tipped.

No Nike ever will be fired from the bases here unless there is an

attack but men stationed at the batteries will do some practice work—raising it to firing position against imaginary enemies.

The Nike Zeus, the nation's anti-ballistic weapon, still is in the process of development but officers said it isn't likely it ever will be installed in this area.

Asked whether the Nikes here might be obsolete even before they are installed, Col. Arvin said, "only if you assume that all manned aircraft are immediately going to be obsolete."

Each of the four batteries can operate independently although they are under the control of the battalion commander at Wilmington. And once the Nike is fired there is a device by which it can be exploded if it suddenly turns out the approaching aircraft is friendly.

## Cincinnati '5' Voted as Top Team of Nation

**Bearcats Get Backing Ahead of W. Virginia Ohio State Is Third**

By THE ASSOCIATED PRESS  
Undeclared Cincinnati, called by some coaches as the "finest college team ever assembled," is the No. 1 college team in the nation. Sports writers and broadcasters participating in the Associated Press' first weekly poll of the season, gave the Bearcats a wide margin over the rest of the field Monday, giving the m55 of the 120 first place votes. In the point score, the Bearcats received 956 points to 820 for runner-up West Virginia, which drew 30 first place votes.

Following the two pace setters were Ohio State, California, Bradley, Utah, St. Louis, Georgia Tech, Indiana and Illinois, in order. Six of the top ten are undefeated. Ohio State and Georgia Tech tasted defeat for the first time Monday night. The Buckeyes bowed to Utah 97-92 and the Engineers were beaten by SMU 80-71.

Cincinnati, averaging better than 100 points a game in five straight victories, meets fifth-ranked Bradley tonight before competing in the ECAC Holiday Festival in Madison Square Garden beginning Saturday. Other top ten teams scheduled tonight include seventh-ranked St. Louis (6-2) against Kansas, third-ranked Ohio State (6-1) vs Brigham Young, eighth-ranked Georgia Tech (6-1) vs Texas Tech, and ninth-ranked Indiana (4-1) vs. Butler.

West Virginia (8-0) won't see action until it goes into the Los Angeles Holiday Festival next Monday but fourth-ranked California (5-0) has a big game against a strong Michigan State team Wednesday. Utah and Indiana also play Wednesday. The Utes will meet College of the Pacific and the Hoosiers will face Butler. Favorites fell by the wayside in Monday night's action but 10th-ranked Illinois managed to keep its slate clean, nipping Oklahoma 60-57 in overtime. The biggest upset was perpetrated by Brigham Young which defeated Michigan State 79-75.

UCLA edged Minnesota 73-72. Wisconsin topped Stanford 61-60. Providence took a 62-60 decision from Santa Clara. Denver beat Michigan 71-65. Creighton won over Seattle 77-70 and Miami of Florida beat Miami of Ohio for the first time in four years, 83-78.

Utah led by Billy (The Hill) McGill, led Ohio State all the way in racking up its seventh victory without a defeat. The sixth-ranked Redskins led at halftime 49-44. The 6,000 fans in the Ute Fieldhouse went wild as the 6-9 McGill scored 31 points. Scoring honors, however, went to Jerry Lucas of Ohio State. The 6-8 sophomore sensation netted 32 points.

## Lucas Widens Lead As Big Ten Scorer

CHICAGO (AP)—Jerry Lucas, Ohio State's sophomore star, has widened his lead in the Big Ten all-games basketball scoring race. Lucas has 182 points in seven games for a 26-point average.

His closest challenger is John Tidwell of Michigan. Tidwell, on the strength of two 31-point performances, climbed into second place with 120 points in five games for a 24-point average.

Terry Dischinger of Purdue and Larry Siegfried of Ohio State are tied for third with 116 points each. Dischinger's came in five games for a 23.2 average while Siegfried has played seven games for a 16.5 average.

## CHS Athletic Assn. Hopes To Liquidate Deficit Soon

The past football season here played a big part in reducing the Circleville High School Athletic Assn. deficit of \$6,146.83.

Last spring the association set a goal to liquidate the bothersome deficit. It now appears that the goal will be reached this school year.

CHS football this season brought a net profit of \$2,717.32, according to an association financial report. It proved to be a large factor in paying off bills.

The first break in reducing the deficit came this fall when the Circleville Booster Club purchased new uniforms for the football team at a cost of about \$900.

THE ATHLETIC association felt that its budget could not stand a grid uniform purchase, so the Booster Club agreed to foot the bill. The uniforms have been cleaned and stored and will be in excellent condition for next year.

According to the financial report, total receipts including money on hand stands at \$5,642.19. Expenditures since Sept. 1, 1959 totaled \$4,271.94, leaving a balance on hand of \$970.25.

Here is the association's breakdown of expenditures for the past football season: \$1,103.22 paid on notes and interest; \$1,795.16 paid for equipment; \$1,487.32 paid for game expenses such as police, officials and other; and \$286 paid for miscellaneous bills.

The financial report disclosed that the \$6,146.83 deficit has been reduced to \$3,051.77. Anticipated receipts for the rest of the school year indicated that this debt could be liquidated by June 1960.

Along with the \$970.25 balance on hand, the athletic association anticipates \$1,000 from a successful basketball season and a \$1,000 profit from concessions from the Ross

County basketball tournament which will be held here this year. Another \$200 profit is anticipated from a special girls' basketball game scheduled here March 17. The girl cage team is the Arkansas Travelers, a renowned court outfit.

ACCORDING to spokesmen, biggest task facing the athletic association is paying for football bleachers, purchased here several years ago at a cost of \$12,000. Three \$1,000 notes still are outstanding on the seats, meaning that the athletic association will not be out of the red until the notes are paid off.

Members of the athletic board said there are several reasons why the athletic program is difficult to finance at Circleville. They cited expensive examples of athletic equipment by noting that the football team needs 60 helmets at \$25 each and 60 shoulder pads at \$15 each.

Board members said paying annual interest on the bleacher notes created another hardship. They said in the past the athletic association has paid large medical and hospital bills incurred by sports injuries. This situation prompted the association to ask each athlete to carry his own insurance.

Members said another setback came in the 1958 football season here which was marked by bad weather and small crowds at all home games but one.

The football picture took a turn for the better this season. The weather improved and large crowds were on hand for home games.

The association concluded its report by noting that the athletic picture at CHS looks brighter than it has for the last several years.

The financial report was signed by members of the high school athletic committee. They are George

A. Hartman, superintendent; J. Wray Henry, principal; Robert Elsea, board of education; Richard Snouffer, basketball coach; Carl Benhase, football coach; and Gordon Anderson, faculty manager.

## Dupont Loop Has 2 Tilts

Two games in the Dupont cage league this week saw "D" team down "B" Finishing, 48-32, and "A" Finishing take the Coating five, 40-39, in an overtime.

Stonerock with 21 points led the "D" win, assisted by Kaiser's 11. Timmons with 11 and Loy 10 were tops for the losers.

The "A" Finishing-Coating regulation game ended, 35-35, requiring another period for a decision.

"A" Finishing was paced by Rhoades' 13 points. Turner had 15 for the losers.

"D" — Gentzel 2-0-4; McPherson 2-2-6; Diltz 0-0-0; Kaiser 3-5-11; Strous 0-1-1; Bradley 1-0-2; Stonerock 9-3-2; Rader 1-1-3; Totals 18-12-48.

"B" Finishing — Loy 3-4-10; Timmons 3-3-11; Wolfe 1-0-2; Stauffer 1-0-2; Howley 0-0-0; Adams 0-0-0; Easter 2-3-7; Durrett 0-0-0; Totals 16-12-52.

"A" Finishing — Martin 3-2-8; Morris 1-0-3; Betts 1-1-3; Rhoades 6-1-13; Althaus 4-1-9; Radcliff 0-0-0; Egan 0-0-0; Rose 2-0-4; Totals 17-6-40.

Coating — Konkle 1-0-2; Turner 6-3-15; Crawford 4-0-8; Mayberry 0-0-0; Totals 17-5-39.

Summers will continue to represent the league in off-the-field assignments.

## Bucks Handed First Defeat

**Utah Knocks Ohio '5' Off Lossless Perch**

By THE ASSOCIATED PRESS  
Ohio State's third-ranked Buckeyes were handed their first defeat in seven games Monday night at Salt Lake City as the Utah Redskins came off with a 97-92 victory.

Big Jerry Lucas retained some of the Ohio glory as he won the heralded sophomore scoring duel with Utah's 6-foot-9 Billy McGill. The 6-8 Lucas tallied 32 points, one more than McGill.

The Redskins, who notched their seventh in a row without a defeat, ran up a 10-point lead early and held it through much of the first half, which ended 49-44.

Utah opened an even wider margin in the second half and appeared headed for an easy win until Lucas, Larry Siegfried and Joe Roberts teamed up to trim the gap to two points, 77-75, with a little more than five minutes left.

The Redskins, however, added a little to the lead and then started freezing the ball.

Ohio teams broke even in a big doubleheader at Fort Wayne, Ind. Miami of Florida won its first game from Miami of Ohio in four tries, dumping the Oxford Redskins 83-78 in the opener, and Xavier nipped The Citadel 94-91 in the finale.

The holiday show was set up because all four teams have players from the Fort Wayne area.

Although it was a neutral floor for all of the teams, the high-point man for the night felt right at home. The Florida school's little (5-foot-6) Dick Hickox, who played on the coliseum court while attending Fort Wayne North Side High School, poured in 28 points to lead the Hurricanes to their win. Vern Lawson had 20 to top the Redskins (25).

Xavier, beaten only once in six starts, never had a comfortable lead over The Citadel and trailed 47-46 at the half. Jack Thobe paced Musketeer scoring with 24 points. Art Musselman, another Hoosier, had an equal total for the losers, who feature a raft of Ohio-bred players too.

In the only other games on the Ohio card, Akron, hitting on 56 per cent of its shots from the field, swamped Kent State 93-68, and Transylvania of Lexington, Ky., weathered a late Ohio Wesleyan rally to edge the Bishops 73-71.

## Roy Cohn Set For Bid as Ring Promoter

NEW YORK (AP)—Roy Cohn was ready to make his big pitch today before the New York State Athletic Commission for a license to promote the return Ingemar Johansson-Floyd Patterson heavyweight championship fight.

At the moment, Cohn has the field pretty much to himself. He has bought out Vincent Vellella's controlling interest in Rosensohn Enterprises, which holds the return bout contracts. He shelled out—with the help of his 10-man syndicate—\$150,000 for the two-thirds interest.

He hopes to buy out Bill Rosensohn's other one-third interest before long.

"We talked about it yesterday," Rosensohn said, "and we may get together again today. We're not too far apart in price. It's possible the transaction will be completed soon."

One thing is certain: Cohn and Co. won't get a license today. The State Athletic Commission had its fingers burned in the aftermath of the first fight last June 26 in which Johansson won the crown.

If Cohn and his group are elected, they plan to stage the bout in the Yankee Stadium here in June. Humbert (Jack) Fugazy, who used to run boxing shows in the 1920s, will be the promoter.

Fugazy, 72, is brimming with optimism.

**By JAMES MARLOW**  
**Associated Press News Analyst**  
**WASHINGTON (AP)**—The year 1960 should become known as the time of the big switch—when foreign affairs became a little more human and a little less snarled in what is called diplomacy.

Western leaders—brushing aside the ancient tradition of letting foreign ministers dicker and 'deal and diddle on details—have proposed not one but a series of summit conferences with the Soviet Union.

Even if they don't accomplish much, or anything, at least they will be brief and direct and save the world from that gruesome frustration of the long-drawn-out hairsplitting, minuet - dancing of the ministers.

Many forces — both men and events—have brought the West to this startling development in world affairs.

The wartime meetings of President Roosevelt and British Prime Minister Winston Churchill—occasionally with Joseph Stalin—broke for a while the old reliance on foreign ministers to find the answers.

The tradition took over again after 1945 when the cold war set in and the sullen, inscrutable Stalin poked for weak spots in the West: pressure on Greece and Turkey, Communist seizure of Czechoslovakia, the Berlin blockade, Korea.

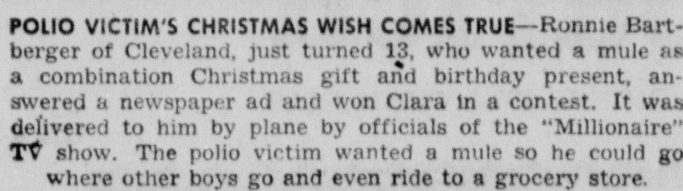

The years between 1945 and Stalin's death on March 5, 1953, were hardly a time for talking peace. He seemed to want no peace. The foreign ministers never solved a major East-West problem.

Ministers began to seem out of date in this new age when the new planes could take the top men anywhere in a few hours and there was less and less reason for them to stay at home. It took them a long time to realize it.

Shortly after he took office, on Feb. 25, 1953, President Eisenhower was asked at a news conference whether he would be willing to meet with Stalin. He said he would, if he thought it could do good.

Nevertheless his underlying feeling about meeting the Soviets then and for years afterwards, was extremely cautious, and hedged around with requirements that preliminary conditions be met. This was also the attitude of Secretary of State John Foster Dulles, Eisenhower's chief foreign policy adviser.

On March 2, 1953, Churchill said

## 1959 Destined To Go Down As 'Year of Reluctant Dollar'

By WILLIAM FERRIS  
Business News Writer

NEW YORK (AP)—You can put down 1959 as the year of the reluctant dollar.

Dollars were plentiful enough, but people weren't anxious to loan them at the interest rates of recent years. People thought they could find better uses for money—such as buying stocks.

Result: Interest rates soared. To lure out the reluctant dollars, such a blue chip corporation as American Telephone & Telegraph had to pay interest of 5.27 per cent.

The U.S. Treasury paid 5 per cent. As for John Doe and Mary Jane—well, if they wanted to buy a house their interest on a conventional mortgage likely exceeded 6 per cent.

There were other interesting events:

Living costs went to an all-time high. The gain came despite a drop in food prices, which represent 30 per cent of the spending of the average city family.

Defense efforts were shifted from manned aircraft to missiles, but America remained far behind Russia in the space race. Russia hit the moon, took a picture of its far side and put the first artificial planet into the skies.

Strikes broke out like a case of measles on a freckled face, and they lasted longer. The steel strike ran 116 days, a record, before the workers trooped back to the mills under a Taft-Hartley Act injunction.

Business boomed. The steel strike caused production cutbacks late in the year but didn't undermine business confidence. Labor Secretary James Mitchell had to eat his hat (pastry) when unemployment totaled more than three million in October.

Strange sights appeared in some downtown areas—autos were kept off streets; trees, evergreens and potted plants grew where traffic jams had existed. This was the "mall" idea, tried frequently with mixed results. But retail sales set a new record nationally.

The Big Three in the auto industry returned to reality after denying for years that Americans wanted smaller, more economical cars. They introduced smaller, more economical cars. Foreign car imports again soared.

Speculation became so apparent in the stock market that even

Exchange officials noticed it. They embarked on a campaign cautioning the little fellow against getting in too deep. Prices soared early, dipped later. Volume totaled more than a billion shares for the first time since 1930.

And, just so you'll feel normal at the start of those so-called Golden Sixties, consider this: Starting Jan. 1 Social Security tax rates will be boosted by one-sixth.

## Running Dog Touches Off Mishap Series

HAMILTON, Ohio (AP)—A dog running across a highway touched off a chain of accidents near New Miami Monday night that brought death to Moss Pruitt, 35, a member of the Hamilton Fire Department emergency squad.

Pruitt was struck and killed by a car driven by Frank Elmes, 69, of West Elkton after Pruitt had alighted from his own automobile to assist in clearing up a previous accident.

State Highway Patrolman Arthur Robinson reconstructed the chain of events in this manner: Dorothea Johnson of Seven Mile suddenly applied the brakes of her car when the dog ran in front of her. Marvin Lakes of Seven Mile, driving behind her in a truck, hit the brakes of his vehicle and it swerved to one side and overturned.

Pruitt, seeing the mishap, stopped to offer aid. Another truck then approached, followed by Elmes in his car. When the truck suddenly slowed, Elmes applied the brakes. His car swerved to one side, hit Pruitt, sideswiped the fireman's car and crashed through a fence into a field.

## Weekly Food Review

By THE ASSOCIATED PRESS

Your Christmas turkey is going to cost more than last year. And the price is up from Thanksgiving.

Although prices naturally vary around the country, turkeys at the big supermarkets in the New York metropolitan area range from 45 to 51 cents a pound, depending on size. Last year the range was 35 to 45.

Turkeys and hams are universal specials on the meat counters this week. Ham prices range from 49 to 59 cents a pound.

With the emphasis on these two holiday favorites, there are good bargains in beef, pork and lamb. Sirloin prices are down as much as 16 cents a pound. In some areas, loin pork chops dipped 6 cents a pound and leg of lamb declined 16.

The week's specials in the vegetable and fruit departments include typical holiday fare such as broccoli, brussels sprouts, sweet potatoes, white onions, delicious apples and California naval oranges.

With the alarm over contamination of cranberries having simmered down, the traditional red berries are among best buys.

Best buys in vegetables include large artichokes, packaged small

carrots, collards, kales, endive, escarole, small to medium yellow onions, Eastern potatoes, radishes, Italian type squash, sweet potatoes and turnips.

In the "good buy" classification are beets, cauliflower, broccoli, brussels sprouts, celery, Chinese cabbage, mushrooms, spinach and iceberg lettuce.

Best buys in fruits are Eastern apples, avocados, limes, oranges, grapefruit and tangerines.

There are good buys in pears, lemons and Western oranges.

**Cleveland Suburb Puts Power Lines Underground**

CLEVELAND (AP)—Suburban Lyndhurst councilmen passed legislation Monday night requiring that any new power lines of 33,000 volts or more must be underground. The ordinance is patterned on legislation passed in neighboring Euclid, which went all the way to the Ohio Supreme Court to win legal support for its ordinance.

Following the shooting, police said, Cantrell jumped into the Olentangy River. He was pulled out and taken to University Hospital.

## Plans Set for 93 Separate Bargaining Sessions in Steel

WASHINGTON (AP)—Federal mediators plowed ahead today without visible progress while plans sprouted for 93 separate bargaining sessions across the country next Sunday.

Seemingly to the surprise of some unionists, industry negotiators bowed quickly Monday to the demand of United Steelworkers President David J. McDonald for company-by-company negotiations.

This scrambled the bargaining picture. McDonald apparently hoped that by bringing the responsible executives of every big and little steel firm into direct talks, he could crack the industry front which has held almost completely

solid for eight months against the union's wage and benefits demands.

There was no immediate sign, however, that any of the smaller companies were ready to offer their local union leaders any more than the industry's top negotiating team has offered McDonald.

Each company has its own contract with the union, even though the bargaining up to now has been on an industry-wide basis.

The continuing deadlock made it almost certain President Eisenhower, returning to the capital tonight after this 11-nation peace mission, won't get the homecoming present he requested when he left a signed and sealed steel agreement.

Federal Mediation Director Joseph F. Finnegan scheduled morning and afternoon meetings today between top union officials and the industry's negotiating team. They met Monday for the first time in 10 days, but reported no progress.

Finnegan said there probably will be more sessions as the week advances perhaps even next Sunday, while the dozens of home town negotiations are going on.

Both wages and working conditions are at issue. The companies have contended the wage increases demanded by the union would spur inflation. The union, in turn, has rejected company demands for a freer hand in changing work rules to increase efficiency. The workers averaged \$3.11 an hour when the strike started last July.

## Car Struck By Engine

The sheriff's department has completed investigation on a car which was struck by a Norfolk & Western train north of here Sunday.

The car, previously operated by William Mumaw, 15, of 143 York St., was empty when struck. The vehicle was stranded on a stretch of N & W tracks about three miles north of here.

Mumaw told Deputy Charles Felkey that he tried to get the stalled auto off the tracks. He said he also made an attempt to flag the oncoming freight train.

The locomotive engineer said he saw Mumaw trying to halt the train, but said he couldn't stop in time.

Deputy Felkey said the car was demolished.

## Columbusite Is Held In Fatal Shooting

COLUMBUS, Ohio (AP)—A man identified by police as Jerry Cantrell was being held for questioning in the fatal shooting of George F. Atkins, 33, of Columbus.

A man fired four rifle shots into Atkins' back Monday night in an East Side bar. Atkins was dead on arrival at Lincoln Memorial Hospital.

Following the shooting, police said, Cantrell jumped into the Olentangy River. He was pulled out and taken to University Hospital.

## Move To Sell Sheriff's New Car Falter

Tarleton Mayor Scolds Ammer For Decision

Pickaway County Commissioner Charles Morris' motion to sell 1959 convertible confiscated by the county died for a lack of second yesterday.

Meanwhile, George D. Karshner, mayor of Tarleton, today scolded County Common Pleas Judge William Ammer for placing the automobile's title in the name of the Sheriff's Department.

Morris made the motion during the weekly Commissioners' meeting.

His motion referred to the automobile owned by Leonard Posner, 22, New York, N. Y., who was recently placed on five years probation for the illegal possession of narcotics.

Posner and his partner, Lemuel Carter, 26, New York, N. Y., were apprehended in Tarleton's village square on July 12.

**A DAY LATER**, Deputy Sheriff Dwight Radcliff found several packets of heroin, needles and syringes in the automobile while it was parked in the courthouse lot.

Both Posner and Carter were indicted by a County Grand Jury for the illegal possession of narcotics. Carter was convicted by a Common Pleas Court petit jury and sentenced to the Ohio State Penitentiary, Columbus, for two to 15 years.

After Posner was placed on probation, Common Pleas Judge William Ammer ordered the automobile confiscated and its title placed in the name of the Sheriff's Department.

Tarleton objected and asked the court to reconsider its order and transfer the car to the village. Judge Ammer overruled Tarleton's motion and said the Commissioners had the right to sell the car.

Morris, a Salt creek Twp. resident, made the motion to sell the car which failed due to a lack of a second from either Commissioner Clyde E. Michel or Commissioner Wayne G. Hines. Michel, chairman of the three-member board, had no statement to make today.

Morris said he wanted to sell the car and place the money, realized from the sale, in the county's general fund. He said then it would be possible to purchase needed equipment for the County and Children's Homes, such as mattresses, bed clothing and other items.

**MORRIS** also said he didn't think the Sheriff's Department needs the automobile. He continued saying, "I've heard from many sources that the Sheriff's Department is making unnecessary calls on highways under the jurisdiction of the State Highway Patrol."

"Many people," Morris continued, "feel that if the Sheriff's Department would let the Highway Patrol answer calls on accidents pertaining to state highways, another car would not be needed."

Morris was quoted as saying the Commissioners plan to place all county-owned motor vehicle titles in the name of the board.

Last week, in overruling Tarleton's car motion, Judge Ammer said he felt that placing motor vehicle titles in the names of departments was illegal procedure.

Mayor Karshner today issued a proclamation stating that Tarleton's village council has authorized its attorney, Evan P. Ford, to appeal Judge Ammer's decision with the 4th District Court of Appeals.

He said the Tarleton council feels Judge Ammer made a wrong decision in placing the car in the Sheriff's Department and is therefore appealing it.

Karshner said that the people in Tarleton and throughout the county feel the Judge would not have placed the car for the Sheriff's Department's disposal. To date, no appeal has been filed by Tarleton's attorney.

## Smaller Nations Fearful about Coming Big Talks

PARIS (AP)—Belgium, Greece and Turkey expressed fears today they may be affected by decisions taken at an East-West summit conference in which they had no part.

The three little nations—supported in part by Norway and Italy—spoke up at a closed session of the Atlantic Alliance's Ministerial Council.

The council gave full support to the Western Big Three proposal for summit talks with the Soviet Union but with a proviso for prior consultation among the allies.

Strong hints came from Moscow that Premier Nikita Khrushchev will accept the Western invitation to a summit session this spring with the United States, Britain and France.

U. S. Secretary of State Christian A. Herter and British Foreign Secretary Selwyn Lloyd took pains to reassure doubtful smaller nations.

Herter and Lloyd assured the other ministers that no nation's interests would be jeopardized by his back. NATO officials emphasized that the issue did not develop to the point of acrimony.

Turkish Foreign Minister Fatih Rustu Zorlu expressed doubts the Soviet Union has the peaceful intentions it professes. This, he said, made firm consultation all round more than ever necessary.

Lloyd said that even on disarmament he did not visualize any final agreements would be made without full approval of any nation concerned. Sources said the allies appeared reassured by these pledges and the meeting closed harmoniously.

It was reported authoritatively that the United States considered the West's proposals for a series of summit conferences as mainly a psychological move in order not to raise false hopes.

The United States does not believe

the proposal for a series of summit conferences in any way commits the West to more than the Paris meeting proposed for April, it was reported on high authority.

The test of whether any future summit meetings will be arranged will be the sincerity shown by Moscow at the first conference.

The Ministerial Council of NATO ended its annual policy review meeting after hearing a report from French Foreign Minister Maurice Couve de Murville on the weekend meeting of the Western Big Four.

The 15-nation council in a communiqué said it fully supported the invitation the United States, Britain and France sent Khrushchev Monday. West Germany also attended the weekend meeting, but will not go to the East-West summit.

The ministers also endorsed the Western proposal that the new 10-nation Western-Communist disarmament conference start work in Geneva March 15. The council offered the services of NATO's military experts in the disarmament study.

The NATO ministers reaffirmed their year-old pledge to support the United States, Britain and France in maintaining the freedom of West Berlin.

In a news conference the council president, Norwegian Foreign Minister Halvard Lange, predicted a period of extensive negotiations with the Soviet Union.

"Political cooperation, political unity and—I stress the word—effective political consultation are more important than ever," he declared.

Pravda, organ of the Soviet Communist party, said the Paris conference "marked a step forward on the path of easing international tension."

## Cost of Living Still Going Up

November Records New All-Time High

WASHINGTON (AP)—Living costs crept upward to another all-time high in November, but the rise was at a slower pace than in other recent months, the government reported today.

Consumer prices advanced less than one-tenth of one per cent to a level 25.6 per cent above the 1947-49 average. A month earlier, prices were 25.5 per cent above the base period.

It was the sixth time in seven months that prices, as measured by the Labor Department's consumer price index, advanced to a new peak.

The November rise was less marked than in September and October, and Ewan Clague, commissioner of labor statistics, said he looks for relative price stability until next spring.

A continued downtrend in food prices helped check the November rise in the index. The big factors on the upside were increases in charges for services and for durable goods, including new autos.

The November rise in the index will bring pay increases to about 170,000 workers who get cost-of-living increases under union contracts.

Factors affecting the shift in buying power included the return of steelworkers to their jobs, which boosted average hourly earnings, and a drop in the factory work week because of layoffs by makers of autos and other goods affected by a shortage of steel.

## Area Churches Plan Services Christmas Eve

Special Christmas Eve services have been scheduled at several area churches.

A Christmas Eve Candlelight service will begin at 11 p. m. at the First English Lutheran Church, Ashville.

Pastor Robert D. Gruenberg's sermon will be "Mary's Little Boy Child" based upon the text from the Christmas Gospel of St. Luke.

Special features of this service will be the choral anthems under the direction of Mrs. Donald Flieri and accompanied by Miss Miriam Ward.

The fifth and final candle in the Advent wreath, the Christ candle, will be lighted at this time. Every participant in the service will take part in the candle-lighting service which will take place at the conclusion of the program.

Services will be held at the Christ Lick Run Lutheran Church, Route 56, at 7:30 p. m. Christmas Eve. The program will be headed by the Sunday School children. Christmas carols will be sung by the children and congregation.

Services will begin at 11:15 p. m. Christmas Eve at Derby Methodist Church.

Pastor Henry E. Giese will present the sermonette for the Christmas Eve service at St. Paul Lutheran Church, Route 2, Ashville starting at 7:30 p. m.

Nursery Class members will give their expressions of Christmas. Members of the Kindergarten, Primary I-II, and Junior I-II will present Christmas carols and readings.

The Manger scene will be portrayed by the youth of the church. Gary McCain will be the narrator. Christmas carols will be sung throughout the story.

Members and friends are invited to attend any of these special services.

## Father, Daughter Believed Thieves

NEW YORK (AP)—Detectives believe a father-daughter team may have pulled a bold \$5,600 theft on a busy New York street Monday.

Catherine Bacon, 62, a bookkeeper, was carrying the money to a bank in a paper bag when a girl of about 8 snatched it from her and ran. Miss Bacon screamed. A passer-by caught the youngster.

There was a scuffle and the girl escaped, the sack falling to the sidewalk. Bills spilled out.

A man appeared and said: "Let me help you." He picked up the scattered money—then ran in the direction opposite to that taken by the girl.

## Snow Blankets Northeast U.S.

First Day of Winter Is Rough in Areas

By THE ASSOCIATED PRESS

The first day of winter today found the Northeast shivering under a vast blanket of snow as deep as 10 inches in some spots.

One death occurred during the snowstorm in a traffic accident at Sturbridge, Mass.

Travelers crept along treacherously icy highways. Schools closed in some areas. Emergency crews moved in quickly to keep traffic moving where possible. Some buses were trapped in the snow.

Trains were late. Air traffic was slightly delayed.

Heavy winds whipped the snow across a region stretching from the Great Lakes east through Pennsylvania, West Virginia, Maryland, New Jersey, New York and parts of New England. The Atlantic Coast in New Jersey and New York appeared hardest hit.

The Weather Bureau said the storm was expected to end tonight throughout the area.

In New York City, seven inches piled up before the snowfall ended.

All arteries into the city were clogged with traffic during the morning rush hour. The storm knocked out some subways and others were running late.

In Rockland County, N. Y., the snow was 10 inches deep in some spots. A number of schools closed in New York and New Jersey.

The storm covered virtually all of Pennsylvania to a depth of five inches in the western part of the state.

Several hundred cars were trapped several hours on Route 35 in New Jersey between Middletown and Red Bank. The stranded motorists included three pregnant women headed for hospitals. A doctor, also snowbound in the traffic snarl, attended them until emergency crews hurried them on to hospitals.

It was cold across most of the northern half of the country. The lowest readings—edging toward zero—were near the Canadian border from Minnesota to Maine.

Temperatures rose gradually south of the coldest weather, with readings in the teens from southern New England through Wisconsin.

## Cranberry Men To Ask Huge Payment

BOSTON (AP)—The National Cranberry Institute will seek federal government payments of 15 to 20 million dollars for damages the industry says it sustained through a Food and Drug Administration announcement last month.

The Food and Drug Administration's pre-Thanksgiving announcement that some berries were thought to have been contaminated by a weed killer caused heavy damage in the marketing of the 1959 crop, and may cause losses in the 1960 crop, Institute President Orrin Colley said Monday.

"Cranberry growers are asking the government for indemnification," Colley said, "because of the unprecedented action by Welfare Secretary Arthur S. Flemming who deviated from accepted policies of his Food and Drug division and publicly singled out the cranberry industry at the peak of its marketing season without giving the industry opportunity to defend itself against the charges."

He made the announcement after a seven-hour meeting of industry representatives from Massachusetts, New Jersey, Wisconsin, Washington and Oregon.

## Morocco, Spain Give Ike Big Cheer

By THE ASSOCIATED PRESS

Morocco and Spain gave President Eisenhower some of the biggest cheers of his now-concluding three-continent tour.

In Spain, the U.S. chieftain talked with Generalissimo Francisco Franco and then departed southward for a conference with the North African potentate, Morocco King Mohammed V.

Eisenhower's big jet plane landed near Casablanca which he last visited in 1943 as a wartime general.

The United States has agreed to surrender the five American bases it built in Morocco at a cost of more than 400 million dollars while Morocco was a protectorate of France and Spain. They are staffed by 11,000 Americans, employ 8,000 Moroccan civilians and pour about 64 million dollars annually into the Moroccan economy.

While this will satisfy a Moroccan yearning for political and military independence, the departure of the U.S. forces will worsen an economic situation that has become grave in the first three uneasy years of independence.

So far Morocco has received 102 million dollars in U.S. economic aid. Much more is needed to provide work for 350,000 unemployed and develop the country.

The prestige of Eisenhower's visit may help King Mohammed shore up a taut political situation. Although the King is enormously popular with his nine million subjects, the leftists have raised an increasing clamor against his absolute power.

He holds supreme civil and religious authority. Morocco theologically is a constitutional monarchy, but no election has ever been held.

Spain's welcome gratified Eisenhower. White House press secretary James C. Hagerty said the President was completely overwhelmed by the warmth and size of the reception given him in Madrid.

Eisenhower and Franco agreed that Western talks with Russia will help the cause of peace. But they added that "a firm defense posture should be maintained" by the Western powers.

The two chiefs of state after a breakfast conference of two hours and 20 minutes at Franco's Pardo Palace said their conversation strengthened the bonds of cooperation between Spain and the United States.

About a million Spaniards roared "Viva Ike" as the President rode through Madrid with Franco, resident in his generalissimo's uniform, in cold rain and wind late Monday.

Their communique said Eisenhower had given Franco and members of his government a full briefing on the purposes of his 22,000-mile tour of three continents and the results he hoped to attain.

"The talks, which covered a wide variety of other international matters of interest to both countries, were conducted in an atmosphere of cordiality and understanding," the statement said.

Franco said in toasting Eisenhower at a banquet Monday night

## U.S. GIs Play Santa For Japanese Kiddies

NAGOYA, Japan (AP)—U. S. forces played Santa Claus today for more than 5,000 children in this central Japanese city devastated by a typhoon last September.

A caravan of U. S. Army and Navy trucks toured day nurseries and kindergartens, and American servicemen distributed toys and other gifts collected by U. S. servicemen in a "Toys for Tots" campaign throughout Japan.

## 11 Nations See U.S. Chieftain

Many Friends Made, Leaders Influenced

By THE ASSOCIATED PRESS

President Eisenhower was winging his way home this afternoon after a triumphal tour of 11 nations on three continents.

Everywhere, the U.S. chieftain's welcome was tremendous. Tonight's reception in the nation's capital will be no exception. Thousands are expected to turn out with a torchlight parade of "welcome home, Ike."

The President's orange-nosed jetliner is scheduled to touch down at Andrews Air Force Base outside Washington at 11 p. m. EST.

The last leg of the tour through Europe, the Middle East and Asia started at Nousseur Air Base near Casablanca, Morocco. One refueling stop for the President's huge jet transport plane had been scheduled, at Gander, Nfld.

The Eisenhower tour exceeded all expectations insofar as reception by common peoples is concerned. All along the route, the U.S. President won new friends and perhaps influenced some very important people as he sold American peace and friendship.

But only time will tell whether the President's venture into personal diplomacy eased any of the bitter disputes which plague much of the 22,000 miles he traveled.

His top aides are convinced that the good will and sincerity Eisenhower radiated, both before cheering crowds and in confidential talks with foreign leaders, will pay impressive dividends later.

In his modern Odyssey, they say, the President created a "peace atmosphere" which will help many nations to discuss their quarrels with others more calmly—and eventually with positive results.

This would be a notable achievement for a journey which, in any event, will go down in history as one of the most adventurous ever undertaken by an American president.

Even the most skeptical of those accompanying Eisenhower acknowledge that his trip already has yielded significant short-term gains for American foreign policy. These appear to be:

1. A hefty boost in American prestige in Asia, particularly in neutral-minded India, which may be the main arena in the East-West struggle for the allegiance of uncommitted millions during the next decades.

2. New lustre for Eisenhower's reputation as a world leader dedicated to peace. This bolsters him in advance of face-to-face talks with the Soviet Union's Nikita Khrushchev.

The President made no visible effort to use his added prestige to dominate the Western Big Four summit meeting which ended in Paris Monday. Eisenhower's role was overshadowed by French President Charles de Gaulle, who wound up convincing Eisenhower and British Prime Minister Harold Macmillan that Paris should be the site of the proposed East-West summit parley.

## Auto Transmission Thieves Are Nabbed

CINCINNATI (AP)—Police in nearby Norwood say they have tracked down 23 high speed auto transmissions they say were smuggled out of a General Motors Corp. plant and sold. Police charged Alan Doherty, 33, Covington, Ky., plant guard, and Arthur McCreary, 34, Norwood, with grand larceny, and charged Thomas Smith, Kenwood, bartender, with receiving stolen goods.

All were arrested Saturday. Police said the transmissions and other gear taken from the plant was valued at \$7,000 to \$10,000.

## Ralston Purina Employees Enjoy Annual Yule Party

The Ralston Purina Company held its annual Christmas banquet at the E. U. B. Church Center, Saturday. About 185 were present.

The program was opened with the invocation by the Rev. Paul Wachs; the group was then led in Christmas Carols by Glen W. Justice.

Following a traditional Christmas dinner, L. D. Varble, manager of Circleville's Purina plant, introduced the guests and emceed for the evening.

After a brief talk by the emcee, Robert Holt, 10-year service awards were presented by L. D. Varble. Employees celebrating their 10th year of service to the company in 1959, had their choice of a travel clock or gold ring. Employees receiving 10-year service awards were: Kenneth Schwalbaugh, Charles Good, Richard Draise, Glen Justice, Carl D. Resbach, Carl Jones, Hugh Montgomery, Dannie Hettinger, John MacKenzie and Fay Hollis.

For 15 years of service employees were given engraved watches. Those receiving this award for 1959 were Helen Armstrong and Coit Doner.

THOSE WHO received 25-year awards were Glenn Hines and George Kerr. They received shares of Purina stock on their anniversaries.

A skit, "The Candid Camera", was presented by Glenn Weiler and Harry Kaper following the presentation of 10-year service awards. Members of the cast of a second skit, "Rosie Belle", which followed the presentation of 15-year awards, were Miss Judy Patterson, Miss Bonnie Neff, Mark Coffland and Robert Conaway.

After the presentation of 25-year awards, Robert Holt introduced the superintendent of the Purina

plant, J. R. MacKenzie. MacKenzie gave a progress report, in which he stressed the improvement in efficiency brought about not only by the improved equipment, but also by the fine help and co-operation of all employees. He also presented truck driving awards to Chet Starkey, James Steele and Harry Shell.

Varble introduced a special guest for the evening, Circleville's own Miss Ohio, Carole Weiler. Carole is the daughter of Glenn Weiler, a Purina employee.

Santa's helpers, Mrs. Nancy Walker, Mrs. Vonna Mowery, Miss Pat Hughes, and Miss Nancy Sykes, sang a chorus of "Here Comes Santa Claus". On the beginning of the second chorus, Santa Claus appeared. Santa took charge of the program by officiating in the drawing of gifts. Varble then introduced the Purina Chaplain for 1960, the Rev. Paul Wachs.

Following the banquet, all were invited to advance held in Memorial Hall.

## Freak Typhoon Causes Havoc In Philippines

MANILA (AP)—Typhoon Gilda one of the worst storms to hit the Philippines in recent memory, left at least 20 persons dead, 27 missing and some 60,000 homeless, official reports said today.

The typhoon also dealt a staggering blow to the Philippines' coconut industry, the largest in the world. The 120-mile winds ripped through coconut plantations in the rich, thickly populated central islands 150 miles south of Manila.

Authorities said it might take four years for the coconut industry to recover.

A report from Samar Island, which bore the brunt of the onslaught last Friday and Saturday, said 27 towns were badly hit and some 2,500 homes swept away.

Fourteen of the deaths resulted from the sinking of the inter-island ship M. V. Rizal. Another 27 of the 107 passengers and crewmen aboard were missing. The others were rescued.

A launch, reported missing earlier with 100 teachers aboard, was reported safe.

Gilda was considered a freak. The storm season usually ends in November.

## Delinquent Tax Payments Rise

Approximately \$18,000 in delinquent real estate taxes have been paid since the tax books closed in last September, according to the Pickaway County Treasurer's office today.

A Treasurer's office official said that delinquent tax payments have County Auditor's office announced newspaper publication of delinquent tax payers will be made after the first of the year.

Delinquent tax payers have until December 30 to pay their taxes.

## Stock Mart Is Mixed, But Active

NEW YORK (AP)—Steels, motors and electronics made gains in a mixed stock market early this afternoon. Trading was moderately active.

Key stocks showed gains or losses of fractions to about a point.

A scattering of selected stocks, particularly among the electronics, did better, scoring gains of 2 or 3 points.

Turnover was down considerably from Monday when the Dow Jones industrial average for the second time in a week failed to hold a gain which would have put it above the closing record high.

Most of the coppers moved a bit higher following news of a price boost by a big Belgian producer. Oils, rails, electrical equipments and most chemicals drifted off.

Hope of a steel strike settlement perked up again with the agreement by steel management to company-by-company negotiations. Jones & Laughlin picked up more than 2 points, Republic Steel more than a point and U.S. Steel about a point.

Chrysler recovered about a point. Ford and General Motors added fractions. American Motors was around a point higher.

The Associated Press average of 60 stocks, at noon was off 20 cents to \$228.80 with the industrials off 10 cents, the rails off 40 cents and the utilities unchanged.

Long range U.S. government bonds declined to new historic lows.

## 55 Traffic Deaths On Holidays Seen

COLUMBUS, Ohio (AP)—The State Highway Patrol estimated today that 55 motorists will die in Ohio traffic accidents over the Christmas and New Year weekends.

Supt. Scott B. Radcliffe warned that traffic offenders will be cited for court in an attempt to keep accidents at a minimum.

Last year, when Christmas and New Year's Day fell on Thursday, traffic fatalities for the two weekends totaled 51. Eleven were killed on Christmas Day.

Director J. Grant Keys of the Highway Safety Department said fatalities this year might exceed those of the 1958 holiday period because of heavier travel.

FAILED TO KILL WIFE—Clark H. Beck, 25, University of California graduate, told police in Berkeley, Calif., that he decided to kill his "bossy" wife when she threatened to leave him and take "my baby, my education and everything" with her. He smashed a hammer against her head, stabbed her with an ice pick, choked her and then held her head under water in a bathtub. She didn't die and he "decided it was hopeless." Mrs. Beck is in fair condition in hospital.

## New News Policy Is Best

In recent years there has grown up a philosophy in Washington that the news should be "managed" — that announcements should be timed for their best effectiveness on policy, that discouraging news should be suppressed.

In recent months, this has taken the form of big promotional build-ups for what the U. S. intended to do in the fields of rockets, space probes and other spectacular projects. Uncle Sam has told the world what he intended to do — and often Neil McElroy.

Thomas S. Gates, new Secretary of Defense, seems to have taken a new attitude toward information with him when he moved into McElroy's office. He says he will not be the Pentagon's sole voice, but that the secretaries of the Army, Navy and Air Force will be encouraged to hold

news conferences.

Cabinet and other high officials "must operate in an open, glass-roofed house" and seek to hide nothing except matters genuinely involved in military security, he said.

This is an excellent policy, and if adhered to during his tenure, should do much to restore the foundation of truth on which Americans' faith in their government depends so heavily.

## 4-Letter Word Changed Life

By Hal Boyle

NEW YORK (AP) — Fifteen years ago today a U.S. brigadier general became the first soldier in history to win military immortality with a four-letter word.

The word was "Nuts!" and the man who said it—and later came to hate the word—now feels it changed his whole life.

This bit of American slang, delivered as a defiant reply to a German surrender demand, infuriated a Nazi army. It set the Allied world rocking with laughter and pride.

Today it is still the best remembered symbol of the greatest engagement fought by American troops in World War II — the Battle of the Bulge in Belgium.

The battle, personally planned by Adolf Hitler in a last-ditch gamble, began at 5 a.m. Dec. 16, 1944, with a bombardment by 1,900 German artillery pieces.

The Nazis, attacking with 250,000 troops and 1,000 tanks through the Allied "rest camp" area in the Ardennes, achieved complete tactical surprise.

The acting commander, Anthony (Old Crock) McAuliffe and the 101st Airborne Division were rushed by truck to Bastogne. There, strongly supported by elements of the U.S. 9th and 10th Armored Divisions McAuliffe held the vital Belgium road center against frantic German breakthrough efforts.

The enemy couldn't bypass him. They had to destroy his force to go on. And if they couldn't go on their cause was lost.

It was a bloody battle fought

in a frigid hell. The U.S. forces cheerfully gave the map code name "Merry Christmas" to the 20-square mile area they held that blocked the gigantic German advance.

By Dec. 22, McAuliffe and his 10,000 men were surrounded by seven Nazi divisions and outnumbered four to one.

Through the morning gloom four German soldiers carrying a white flag trudged up to an outpost three miles south of Bastogne.

They carried a message which said in part: "The fortune of war is changing. There is only one possibility to save the encircled U.S.A. troops from total annihilation. That is the honorable surrender of the encircled town."

"If this proposal should be rejected, one German artillery corps and six heavy battalions are ready to annihilate the U.S.A. troops in and near Bastogne."

The four Germans, blindfolded by their own truce flag, were handed McAuliffe's quickly scrawled reply: "To the German commander Nuts! The American Commander."

When one of the Germans spoke English complained he didn't understand the message, he was told it meant "go to hell." He said he understood this, and the four were blindfolded again and led away.

The battle raged on for more than four days and four nights until an armored column from Gen. George Patton's 3rd broke

through and lifted the siege.

"Old Crock," a square-jawed, 5-foot-5 soldier who weighed only 135 pounds, performed heroically before and after the Bastogne siege. After the war he rose steadily in the service until he retired in 1956 as a full general commanding the U.S. Army in Europe. He is now a vice president of the American Cyanamid Co.

Although over the years he had to tell the Bastogne story so often he shuddered when anyone at a cocktail party passed the nuts, he now is reconciled to the word "nuts!"

A modest man, he feels it was his spur-of-the-moment choice of this odd one-word classic answer that helped send him later up the Army ladder.

At the time of the Bastogne siege he wore a brigadier's star, but his permanent rank was that of colonel.

Last week, mellow, handsome and graying at 61, "Tony" McAuliffe philosophically told a reunion at the overseas Press Club here: "Except for the word 'nuts' I'd probably have been known only as a competent combat colonel. Sometimes you have to have more than competence—you have to have a bit of luck."

Then, paying tribute to the troops under him who halted the baffled German tide in the snow at Bastogne 15 years ago, he said:

"All you can do as a commander is to put the men out there and hope they'll do their stuff. They are the ones."

## Women's Vote Hasn't Helped

By George Sokolsky

Mrs. John A. Weiss of Adams, Mass., writes me complainingly that folks in her town take no interest in historical sites. Her particular annoyance is that the memory of Susan B. Anthony, who fought for women's rights in this country, is ignored by her townsfolk and perhaps by posterity.

That is not an unusual response to greatness. Nowadays Presidents have their friends erect memorial libraries to them while they are still alive to make certain that they will not be forgotten as most of our Presidents have been.

There used to be a ramshackle house in New York in which James Monroe lived at one time but it has been torn down to make a street wider. However, Herbert Hoover, Franklin D. Roosevelt and Harry Truman have memorials erected for them as repositories of books and letters and such matter.

President Wilson is without a genizah which is a cemetery of books and papers. Most Presidents have not had the money or the friends to erect monuments to their memory.

The French who have always had a profound sense of history have with the greatest care preserved their historical buildings and monuments. In the United States there are several organizations that are engaged in preserving historic sites. The Massachusetts Trustees of Reservations, which looks after such matters, is particularly active and has been very successful in marking out and preserving places of historic interest. There are similar societies in many states.

Susan B. Anthony ought not to be forgotten. She fought for women's rights with more vigor and enthusiasm than discretion.

To turn from a gigantic dream to a small fact—we note in a magazine article there is a type of beetle that always swims upside down. Probably spends its life wondering how come the sky is so full of water!

It was difficult to advocate women's suffrage in the 1860's when Susan B. Anthony started her campaign. Women who wanted to vote were regarded as freaks. It took outstanding courage to advocate such political equality.

One supposition was that if women got the vote, they would make politics clean. There would be no more crooks in government. There would only be the purity and nobility of the home.

This did not happen. In fact, the granting of votes to women coincided in time with Prohibition, the Jazz Age, and a general debauchery such as this country had not witnessed before. Of course, women's suffrage had nothing to do with that, but the coincidence is notable.

Al Capone became the most significant figure of the moment, murdering his way o power. On balance, it can be established that nothing more was accomplished by granting women the vote than to increase the number of voters. This undoubtedly an unpopular thing to say and I shall probably be chastised for it, but it is true.

It is impossible to find any improvement in American politics, let us say, since 1910 when only men voted. In fact, taken man for man, those who currently achieve success with voters are more photogenic, more handsome, more smiling but not more intelligent. I took the year 1910 arbitrarily; nevertheless, it is a good year to talk about—

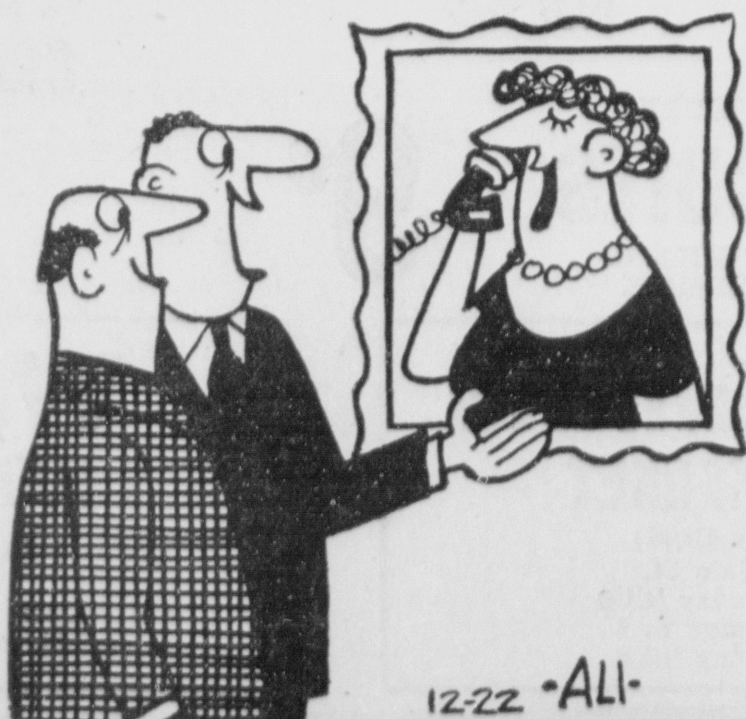

Theodore Roosevelt had forsaken the "Third Term" prospect, so that his friend, William Howard Taft, might hold that office.

Taft's statistics, as the peephole columnists say it, were not good. He was an enormous man, fat, with a large mustachio and with clothes that were a slight improvement upon those of his son, Senator Robert A. Taft. Incidentally, William Howard Taft possessed not only a great legal mind, but rare administrative skill. Before becoming President, he governed the Philippines and was Secretary of War; after being President he had a notable career as Chief Justice of the United States, but he was not chosen for his beauty.

I am sure that today he would be in trouble politically because of his size and doctors would worry about cholesterol, although Taft did manage to live to be 72 years old. He was succeeded by Woodrow Wilson who would not have won a beauty contest even in his day, yet he was a man of vast intelligence and laid the information for the sort of liberalism in which so many of our politicians today blindly wallow.

As a matter of fact, Wilson in one election ran against Charles E. Hughes who wore whiskers, perhaps to hide a colossal intellect. What really great men these were compared to some of the pignies who now have the effrontery to offer themselves for States.

## Spots before Eyes Common

By Herman N. Bundesen, M.D.

Do you see spots before your eyes?

Well, maybe you can blame it on nearsightedness or even on indigestion. Then, again, maybe you're just getting old.

See an eye specialist about it but don't worry, it is a fairly common occurrence.

We call the condition "Muscae volitantes" which means flying flies. And that's just what the pesky spots or specks look like. They just seem to float in front of your eyes.

Between the retina and the lens of the eye is a substance known as the vitreous humor. Normally this is jelly-like and transparent. However, sometimes it becomes watery.

When this happens, some of the cells of this vitreous humor might become opaque and float around in the field of vision.

It might be annoying, but it is seldom dangerous. Rarely do these spots interfere with vision or become worse.

Often they are associated with visual errors such as nearsightedness. And the condition may be temporarily aggravated during digestive disturbances.

If they are going to develop at all, the spots usually appear in middle age, sometimes earlier.

Correction of any visual error you might have may solve the problem by eliminating the annoying spots. See your eye doctor at any rate, if you see spots.

While we are on the subject of eyes, perhaps you have wondered why persons from northern countries, such as Sweden and Norway, almost always have light eyes, generally pure blue, and those from southern Europe, Italy, Spain and others, usually have dark brown irises.

Well, the Better Vision Institute says the answer to that one is easy.

Light-colored eyes are more sensitive to glare; thus, in the northern countries where the sunlight is weak, the inhabitants tend to have light eyes. Dark eyes offer some protection against intensely bright sunlight, such as that of

Spain and Italy. Nature, in a way, provides its own sun glasses.

## Question and Answer

Mr. J. B.: What causes the ear to become plugged with wax?

Answer: Wax accumulates in the ear for several reasons.

A narrow ear canal or one with a sharp curve may hold to wax. Some people secrete wax or a heavier wax which tends to accumulate.

Be sure that an excessive amount of wax does not accumulate in your ear, and if it does, it is necessary to consult your doctor.

Some people are more critical of cars than others, and they are the ones we want specially to drive the solid new Plymouth.

See "THE STEVE ALLEN PLYMOUTH SHOW," Monday nights, NBC-TV. Solid!

This car is built a new solid way by Chrysler Corporation engineers. It simply doesn't have many parts that work loose and need fixing in some cars. We'd like to answer some questions about this car now:

Q. What is this new way of building?

A. Chrysler Corporation's virtually trouble-free version of unit construction. Body and undersills are joined in a single unit of enormous strength, locked by close to 5400 welds. In Dura-Quiet Unibody, there is no frame and no conventional body bolts, struts, braces, etc., to loosen and rattle.

Q. What about power and performance?

A. There's the new 30-D Economy Six, a new "inclined" six that delivers outstanding economy in normal driving. The standard V-8 is the Fury V-800 which three times in a row topped its class in the Mobilgas Economy Run. Or you may choose the extra-cost SonoRamic Commando V-8.

If you ask us, this is the best built, best performing low-price car of all. Give it a real try soon, won't you?

A Chrysler-engineered product, built a new solid way to give you solid satisfaction.

6 The Circleville Herald, Tues. December 22, 1959

### Miss Joan List To Become Bride of Mr. Jim D. Mace

Mr. and Mrs. Ellis List, Williamport are announcing the approaching marriage of their daughter, Joan Lee, to Mr. Jim D.

MISS JOAN LEE LIST

Mace, son of Mr. and Mrs. Arthur Mace, Route 3.

The double ring ceremony will

be performed by Pastor Carl G. Zehner at 2 p. m. Saturday, January 9, in the Trinity Lutheran Church.

The bride-elect is a graduate of Jackson Twp. High School and affiliated with the editorial staff of The Herald.

Mr. Mace is a graduate of Jackson Twp. High School and owns, drives and trains race horses.

### Samuel Esely Marries Girl From Florida

Mr. and Mrs. Iron Rutter, Route 4, are announcing the marriage of Mrs. Rutter's son, Samuel Esely, to Miss Colene Akins, daughter of Mr. and Mrs. M. B. Cobb, Mayport, Fla.

The marriage was performed Friday in Mayport at the home of Judge G. Harris, who officiated.

The bride is a 1959 graduate of Technical High School where she studied dentistry. She is employed as a dental assistant in Jacksonville Beach, Fla.

Mr. Esely is a Petty officer in the US Navy and has been stationed at Mayport the past three years.

Mr. and Mrs. Esely are now visiting with relatives and friends in Circleville prior to his departure Sunday to his new assignment at Key West, Fla.

### Builders Class Goes Caroling

Members of the Builders Class of Calvary EUB Church gathered at the church for the candlelight service given by the youth of the church Sunday. They then caroled for the shut-ins of the church.

After caroling members went to the home of their teacher, Mrs. Harry E. Betz, 105 Reber Ave., for a party and gift exchange.

Officers for the coming year are June Amann, president; Betty Conrad, vice-president; Toni Agin, secretary; David Ward, treasurer; Arthur Hoy, news reporter.

The new class motto is "God Is my Leader"; chorus, "My Desire" and the Scripture is taken from St. Luke Chapter 17:21.

Those present were Bonnie Puckett, Deanna Jones, David Ward, Ruth Ann Brungs, Betty Conrad, Virginia Puckett, June Amann, Arthur Hoy, Sharon Wee-thee, Toni Agin, Glenda Melvin and Mr. and Mrs. Betz.

Small broad-breasted turkeys take several hours to roast because of their large proportion of meat to bone.

### Kingston Group Entertained at Chillicothe

Several members of the Kingston Woman's Society of Christian Service accepted the invitation to join with the Trinity Church, Chillicothe, for its WSCS meeting Wednesday evening which was preceded by a pot-luck-dinner in the dining room.

Following the dinner a program was presented by the local group in the sanctuary of the church. It was decorated with greenery, poinsettia plants and a huge Christmas tree. On the altar was a large Nativity scene.

Miss Irene Hesselgesser, missionary to Brazil who is on furlough, gave an illustrated talk on her work showing schools with which she has been affiliated.

Those attending from Kingston were Mrs. Paul Hankins, Mrs. Elizabeth Bennett, Mrs. Lawrence Betz, Mrs. Wallace Evans, Mrs. Lovetta Reynolds, Mrs. Pearl Patrick and Miss Margaret Thomas.

### Joe Goeller Is CYO President

An election of officers highlighted the meeting of the Catholic Youth Organization of St. Joseph's Church Wednesday evening in the church basement.

The meeting was opened by Msgr. Mason leading prayer. Plans were made for activities during the Christmas holiday. Members decided to help a needy family have a happier Christmas.

Officers for the coming year are Joe Goeller, president; Ed Clark, vice-president; Teresa Rhoads, secretary; Bryan Smyth, treasurer; and Joe Rooney, sergeant at arms.

### Stevenson Girls Host Party For Classmates at Jackson

Misses Nancy and Becky Stevenson entertained the seventh and ninth grade students of Jackson Twp. High School at a Christmas party Saturday in the home of their parents, Mr. and Mrs. Ralph Stevenson, Route 3.

The party was held in the recreation room which was gaily decorated for the holiday season along with the traditional mistletoe and Christmas tree. Linda Minor and Judy Allen assisted the hostesses with decorations.

Evening entertainment consisted of games, table tennis, shuffle board, dancing and cards.

Students participated in a gift exchange and presented Mr. and Mrs. Stevenson with a hand painted tray. Each brought a can of food to help a needy family for Christmas.

Guests were served Christmas

cookies, potato chips, soft drinks and candy. James Brown and Mrs. Gordon Anderson, seventh and ninth grade supervisors, assisted Mr. and Mrs. Stevenson.

Seventh graders present were Linda Smith, Mary and Lloyd Tilton, Tommy Combs, Tommy Fleming, Carl Martin, Leonard Masie, Dickie Hix, Bruce List, Steve Neff and Edith Valette.

Geraldine Mounts, Linda Reed, Sandra Bayes, Jane Skaggs, Freda Hayes, Charles Malone, Don O'Conner, Susan Pontious, Roger Diffendal, Sue Perkins, Linda Minor and Becky Stevenson.

Those present from the ninth grade were Barbara Renick, Barbara Riggan, Clark Maughmer, Ronald Skaggs, Robert Melvin, Betty Johnson, Joe O'Conner, Allen Hix, Chester Culwell, Ronnie Clifton, Judy Allen and Nancy Stevenson.

### Beta Kappa Chapter Holds Christmas Party Here

The Pickaway Country Club was the scene for the annual Christmas party of the Beta Kappa Chapter of Sigma Phi Gamma Sorority Wednesday evening.

Secret pals for the past year were revealed with the exchange of gifts. The table was decorated with Christmas greenery and candles.

The center-piece which was given for the door prize was won by Mrs. Blenn L. Stevenson.

Members decided to give a basket to a needy family for Christmas. Chairman for this project will be Miss Margaret Goode, welfare chairman and Mrs. Robert Moon.

Delegates to the Province meet-

ing to be held in February will be Miss Pat Hughes and Miss Barbara Caskey. Alternate is Mrs. Robert Walker.

Those attending were Mrs. Thomas Dewey, Mrs. Donald Mee-nach, Mrs. Robert Walker, Mrs. Blenn L. Stevenson, Mrs. Jerald Easter, Miss Agnes Jester, Miss Margaret Goode, Miss Barbara Caskey, Mrs. James Brown, Mrs. Carl Ruhl and Miss Pat Hughes.

Mrs. Jerald Easter, 434 E. Franklin St., will host the January 13th meeting.

### Mrs. Russell Honored by Kingston Choir

Following choir practice at the Kingston Methodist Church Wednesday evening members were reminded that it was Mrs. William Russell's birthday.

When the group accompanied her home they found Mr. and Mrs. Rounsley with a birthday cake and coffee ready for them.

This was a real surprise for Mrs. Russell as was the silver tea service that her husband gave her.

Besides Mr. and Mrs. Rounsley and their children, Ricky, Susie, Pam and Debbie and the Russell children, Ken and Mark were Mrs. Raymond Davis, Mrs. Lawrence Kerns, Marvin Mitchell and Mr. and Mrs. Dwight Davis.

Mrs. Royce Conaway, Mrs. Sherman Edler, Christy and Amy, Mrs. Donald Buchwalter, Mrs. Kenneth Timmons, Forest Kreisel and Miss Eileen Bower.

### Republican Club Schedules Tea

Mrs. Eugene P. Hanson, 345 E. Main St., will entertain at a Holiday Tea for members of the Pickaway County Women's Republican Club from 2-5 p. m. Monday.

The Rev. Carl G. Zehner will give invocation. The program will consist of a piano solo by Patty Watson; Jeffrey Spalding will give the Bible version of the Christmas story and Skipper Hanson will render a piano solo and accompany the group singing Christmas carols.

Assisting hostesses will be Mrs. Lawrence Liston, Mrs. B. T. Hedges, Mrs. C. P. Heiskell, Mrs. J. B. Work, Mrs. Louis Mebs, Mrs. Stanley Croman and Miss Betty McCoy.

# Yule Ribbon, Paper Firms Enjoying Boom

Gift Embellishment Business Expects 1960 To Be Big, Too

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP) —The late Christmas shopper — and how many of you could cast the first stone?—probably is all tied up or snowed under today in millions of yards of decorative ribbons and string, wrappings, seals and stickers and Christmas cards.

And the some 50 factories across the land that make these things are already taking in new carloads of raw material and starting production for next Christmas's multimillion-dollar outpouring.

The makers of these things say that spending on colorful trappings that go only with Christmas is a strong clue that this Christmas will see the greatest exchange of gifts in the nation's history. The clue may be better than the big retail sales volume now setting a record, since so much of the buying at the stores can be for other things.

Those in the gift embellishment business say this also has been a big year for technological advances, with science and automation invading the field.

Once paper and common twine ruled almost unchallenged. Now you find mylar, nylon, laminates, polyethylene film synthetic adhesives, glass fiber, aluminum, blooming as never before. The Tussies, glass fiber, aluminum.

The Christmas seal business is blooming as never before. The Tuberculosis & Health Assn. of New York reports mailing 378 million seals, or 22 tons, to persons living in three boroughs of New York City alone.

Hallmark Cards Inc. says card sales average four million a day and that Americans will spend close to 200 million dollars this year for cards, paper, ribbon, seals, tags and decorations.

One big boost has come from business concerns themselves. They have been competing in gift wrappings and cards to attract shoppers in the nation's stores. Increasing stress on help-yourself buying, as in a supermarket, has increased the rivalry.

One firm in the bow and ribbon field, the Facile Corp. division of Sun Chemical, estimates that this year 60 million dollars worth of package ribbon has been sold, a 10 per cent gain over 1958.

## Kenneth Shell Re-Elected Trustee Head

Kenneth Shell, Route 1, Mt. Sterling, was recently re-elected president of the Pickaway County Trustees and Clerks Assn.

The annual meeting was held in the Williamsport Pavilion. It was a fish fry banquet. Walter Garrison, director of research of the trustees and clerks' state association, was guest speaker.

He spoke on recent legislation concerning township governments and the danger of the metropolitan federation to local governments.

Informed sources say Garrison also said that of the 12 trustee-sponsored bills entertained by the 103rd General Assembly, five were defeated in committee action and six others were vetoed by Governor Michael V. DiSalle.

OTHER OFFICERS elected with the Monroe Twp. trustee were Perry Twp. trustee, Homer Long, Route 1, New Holland, vice president; Monroe Twp. clerk, Earl Neff, Route 1, Mt. Sterling, secretary-treasurer, and Circleville Twp. trustee, Milton Manson, Route 4, executive committeeman.

All were re-elected and were without opposition. Membership dues are to be paid at the County Engineer's office or to Neff.

The annual trustees and clerks' convention is scheduled for Jan. 21 through 23 in Columbus.

## City's Anti-Smut Law Is Tossed Out

COLUMBUS, Ohio (AP)—Municipal Judge William T. Gillie today ruled that the city's ordinance banning the sale of obscene literature is unconstitutional.

His ruling came as he dismissed charges of selling obscene magazines against newsstand operator Tony Cimino of Columbus.

The judge upheld the dismissal motion of defense attorneys who said the city ordinance does not contain the word "knowingly." Gillie said the ordinance conflicts with Ohio law which states that a person must have knowledge that the literature he is selling is obscene.

The first patent for chewing gum was issued to William F. Semple of Mount Vernon, Ohio on Dec. 28, 1869.

SYNOPSIS: Santa's attempt to make a match between the Sun Daughter and the Ice King failed miserably. In anger and shame, the Ice King is determined to go back to his castle to grind out more winter.

### CHAPTER FOURTEEN ONE MORE TRY

"What will we do?" whispered Onik as the sled flew away. "The Ice King will never stop making winter now."

"We'll make one more try," said Santa. "This one I think will do."

"Who is she?" asked Onik. "The Ice Queen of the South," said Santa.

"I didn't know there was such a one!" exclaimed Onik. "Oh, yes," said Santa. "She lives at the South Pole where, I have heard, it is colder by far than at our home in the North."

The Ice King had buried his head in the polar bear's fur to hide his tears of shame and sorrow at being rejected by the Sun Daughter. As the reindeer sped towards the South Pole it grew colder and colder and the Ice King thinking they were nearing home, raised his head and shouted gleefully, "I must have left my ice machine going full blast!"

The sled came down before a palace of ice. "What is this?" cried the King. "This isn't my home."

"It is the South Pole," replied Santa. "The Ice Queen lives here. I have brought you to ask for her hand."

"Never!" roared the king. "I told you I would never humble myself again. Everyone hates me and I hate everyone and that's the end of that." And he threw himself down beside the polar bear and refused to budge an inch.

Santa left him there and went in the Ice Queen's palace.

Now the Ice Queen's palace was just like the Ice King's castle. Everything was made of ice and far above Santa could hear the same grinding, clattering noise he had heard at the King's home. Santa went up a winding icy staircase and found the Ice Queen energetically working her ice machines and pumping her wind bellows.

But this was as it should be for at the South Pole winter always came in June and July and August and when December, January and February came, the Ice Queen would stop her work for it would be summertime in her upside down world.

Santa had to holler to make himself heard over the noise. "I've brought you a suitor!" he bellowed. The Ice Queen stopped pumping and pumping. She turned and stared at Santa. She was tall and regal looking and she too had icicles in her hair and frost on her eyebrows.

"A suitor?" she exclaimed blushing. "What nonsense! Who would ever want to marry me?"

"He's in my sled," said Santa. "Come and see."

Picking up her icy skirts the Ice Queen rushed down the stairs and out to the sled. There was the Ice King sitting there with his back to her staring at his feet.

The Ice Queen walked in front of him and gazed at him worshipfully. "Oh, no!" she whispered. "He's too wonderful for me."

The Ice King raised his sullen eyes and when he saw her heart turned over. He got out of the sled and took one step towards the Queen and then they both gulped and cried out, "Oh, would you marry me?"

They fell in each other's arms and Onik jumped up and down with joy and Keotuk barked and even the polar bear looked pleased.

Then the Ice King said, "Fly with me now to my castle in the north."

But the Queen said, "I can't do that for it is wintertime at the South Pole and I must keep things cold."

The King looked crestfallen. "But, I can't stay here," he

"Fly with me to the North," said the Ice King.

mumbled unhappily. "I am needed at the North Pole."

Santa burst into laughter. He laughed until the tears rolled down his cheeks.

"What is so funny?" demanded the Ice King.

"You!" cried Santa. "You've forgotten—it's August! It should be summer in the North and you're not needed or wanted there at all!"

### MONROE TWP. By Marie Dingus

The Second Grade has an enrollment of 30 with 15 girls and 15 boys. Leslie Evans moved to Powell, Ohio. The class received a card from Leslie saying he liked his new school, but missed his friends at Monroe.

Everyone is bubbling with the excitement of Christmas. We had our Christmas program December 17. We had fun playing our parts in "Rudolph's Nose Trouble". We hope everyone enjoyed the program.

Our room is decorated with bells, trees, Santas, and Christmas stockings. It was fun making the decorations and talking about Christmas. We want to remember the most important part of Christmas is celebrating the birth of Jesus.

We hope everyone has a very happy Christmas.

In the past month the Fifth

Grade has met fractions with full force. Along with the remainder of the usual learning activities and the excitement of the Christmas Season we have been following the itinerary of President Eisenhower on his foreign trip. Besides drawing a world map on the blackboard with a display of newspaper clippings about the journey, there are committees of two or three making written reports about each country visited by the President. This Friday each committee will report to the class what they have found about each country.

THE FIFTH and Sixth Grades combined to present a "Nativity Tableau" for their part in the annual Christmas program. Roger Seymour, Dick Lugenbeel, Larry Williams, Roger Austin, and Wilson Puckett play the parts of the shepherds. Debra Brigner was an angel. The rest of the class memorized the Bible story of Christmas for choral reading during the Tableau.

The chemistry class has put aside the experiments for the time being and is concentrating on the valence of atoms and how to solve problems in chemistry. After the Christmas vacation they will resume experiments.

On January 1 and 2 there will be a Holiday Tournament at Monroe. The four schools participating in the tournament are Mt. Sterling, New Holland, Belfast, and Monroe. The price for adults is 50 cents and the price for students is 25 cents. The games will start at 7 p. m.

The students and teachers at Monroe wish everyone a Merry Christmas and a Happy New Year.

## How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

Snow flurries continued during the night along Lake Erie, while skies became fair in most other areas of Ohio. Under fair skies, widespread patchy fog formed in the central and southern sections.

Temperatures were extremely low this morning, the mercury dropping to 8 degrees in Columbus. The coldest reported this morning was 3 at Zanesville. Cleveland had 21, Cincinnati 17.

Wednesday will be cloudy and precipitation is expected again. Rain probably will fall in the south while rain, snow or sleet will occur in the central and northern sections.

### Kingsley Taft Seeks High Court Re-Election

COLUMBUS, Ohio (AP)—Ohio Supreme Court Judge Kingsley A. Taft, 56, seeking re-election, has filed petitions with the secretary of state to qualify for the Republican nomination in the primary election May 3. A six-year term is at stake.

# Great Pens Erase Earlier Beliefs That Hymns Were 'Work of Devil'

EDITOR'S NOTE: The words to "Joy to the World" were written by Isaac Watts in 1719. A century and a half later the music was added by a Massachusetts man. The intervening period was one of the most fruitful for carol writers. This is the second of three articles on how our Christmas carols were born.

By HUGH A. MULLIGAN  
AP Newsfeatures Writer  
Isaac Watts, often called the "Father of Hymnody," came in to the world when Christmas carol singing was regarded as "ye work of ye devil."

It was the latter half of the 17th Century, a time of great religious upheaval in Europe. Calvin's insistence that "the Bible alone" be used in public worship had driven popular hymns out of many churches, particularly in England among the strict Puritan sects.

Instead of hymns, the congregation chanted selected passages from the Scriptures, usually the Psalms. The clerk intoned the first line in a monotone and the people, as Watts once complained, responded with "dull indifference."

Watts, one of nine children, was the son of a boarding house keeper and deacon of the Independent church who had twice gone to prison for his religious beliefs. As a boy, Isaac had stood with his mother outside the prison gates to sing hymns to his father and the other inmates. His parents managed somehow to scrape together enough money to encourage his love of music with piano lessons.

His career as a hymn writer began when he complained one day about the uninspired songs heard in the church the family attended at Southampton. "Then make some better ones," challenged his father.

Watts, although in poor health most of his life, responded by writing more than 600. At first they were called "Watts' Whims," but their popularity grew rapidly. When Benjamin Franklin set up his printing press at Philadelphia in 1741, the first book issued was "Watts' Psalms and Hymns."

In all, Watts filled 52 volumes with his hymns. Most of them,

like "Let Dogs Delight to Bark and Bite," are long forgotten, but his "How Doth the Little Busy Bee" remains a children's favorite and his "Joy to the World" has become a cherished Christmas classic.

Watts wrote "Joy to the World" in 1719 while staying as a house guest at the estate of Sir Thomas and Lady Abney outside London. In that visit he undoubtedly set the all time guest record. He came for two weeks and stayed for 35 years. His gracious hosts complained that it didn't seem long enough.

The music we hear today to "Joy to the World" was added more than 150 years after Watts wrote the words. It was composed in about 1870 by Lowell Mason of Medfield, Mass., and based somewhat loosely on themes found in Handel's "Messiah."

When Watts died in 1748, his place in the world of religious music had already been preempted by Charles Wesley, brother of John Wesley, the founder of Methodism. The brothers went to America in 1735 as missionaries to the new colony at Georgia, where Charles was to be secretary to Gen. James Oglethorpe. Ill health forced him to return less than a year later, but he never forgot the marvelous singing of the German Moravian colonists. The Moravians, a devout sect who later moved to Pennsylvania, gave Charles Wesley the inspiration for his life work. He published his first hymns at Charleston, S.C., and was brought before the grand jury in Savannah for introducing "Unauthorized Hymns into the Worship."

As the "Poet Laureate of Methodism," he wrote more than 6,000 hymns, finding inspiration almost anywhere and writing with ease under the most difficult conditions. Once he fell off his horse while accompanying brother John on an evangelical mission and complained that the resulting injury "spoiled all my hymn writing for that day."

He dashed off "Hark the Herald Angels Sing" while walking to church one Christmas day and thrilling to the tumult of London's church bells. The first two lines, as originally written in 1739, were "Hark! how all the welkin rings

Glory to the King of Kings."

A friend, the Rev. Martin Madan, altered the opening stanza in 1760 to the version we now know. For 100 years the carol was sung to the same tune as Wesley's Easter hymn, "Christ the Lord is Risen Today," but in 1856 Dr. W. H. Cummings, organist at Waltham Abbey, fitted it to the music Mendelssohn would have been as surprised as Wesley. He wrote the music to commemorate the 300th anniversary of the invention of printing and insisted it "never would do to sacred words."

Martin Luther, the great German reformer, was also a prodigious author of Christmas carols, but it is doubted if he wrote "Away in a Manger," sometimes known as "Luther's Cradle Hymn." The carol, in the opinion of most authorities, originated among German Lutherans in Pennsylvania and was taken back to Germany in the 1840s.

But Luther, as poet Coleridge said, "did as much for the Reformation by his hymns as by his translation of the Bible." In addition to writing dozens of Christmas carols, Luther arranged and published "Good King Wenceslaus" and popularized "O Tannenbaum," the Christmas tree carol. According to legend, Luther was fascinated with the way the stars seemed to glisten in the tips of the pine trees while walking in the woods one Christmas Eve. He cut a small fir tree and set out candles for stars to recreate the scene for his small children.

He wrote "From Heaven Above to Earth I Come," his most famous carol, as a Christmas cradle song for his son Paul. Bach harmonized this song for his Christmas oratorio. German soldiers sang it in the trenches during a Christmas lull in the Franco-Prussian War of 1870. French soldiers responded with Adolphe Adam's "Canticle of Christmas," better known as "O Holy Night."

Adam, composer of the ballet "Giselle" and several operas, deserves a distinguished place among the makers of Christmas music. His "O Holy Night" with its magnificent "O Night Divine" refrain is by far the best loved of all Christmas carols among professional musicians and has been sung by most of the world's

great concert and opera stars.

## King Solomon's Wisdom Questioned

WILMINGTON, Ohio (AP)—And on Dec. 19, 1959, A.D., it was written in the book of the Ohio Highway Patrol that King Solomon came to the Jordan with great haste and unwisely did smack the rear of Jordan's "chariot" on U.S. 68 just north of nearby Midland. King Solomon Wright, 61, Bur-

dine, Ky., was charged by the officers with failure to stop within assured clear distance. He is scheduled to appear before Clinton County Judge Frank Jandes. Both Wright's "chariot" and the "chariot" of Bert Jordan, 71, Wilmington, sustained considerable damage.

## Ross Countian Eligible For Parole at Age 75

COLUMBUS, Ohio (AP)—Ira Walker, 75, of Ross County became eligible for immediate parole consideration when Gov. Michael V. DiSalle commuted his first-degree murder sentence to second-degree Monday. Walker entered Ohio Penitentiary in 1938 for the slaying of Fred Turner over the attentions of Ethel Smith, a mutual friend.

## Alcatraz Convicts To Get Yule Candy

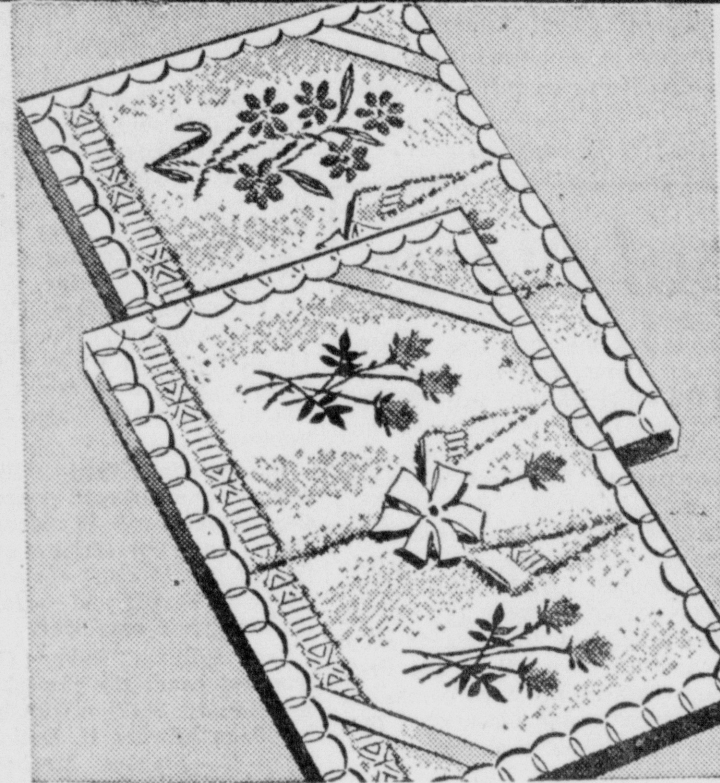

SAN FRANCISCO (AP)—Alcatraz convicts this Christmas are being permitted to buy a 2-pound box of chocolate candy—for the first time in the 25-year history of the federal maximum security island prison. Warden Paul J. Madigan said 200 of the San Francisco Bay prison's 260 inmates put up \$2 and will receive the chocolates Christmas Eve. Alcatraz has no commissary for prisoner purchases.

## Jaycees Hold Christmas Party for Mission Children

The Circleville Junior Chamber of Commerce yesterday conducted a Christmas Party for four and five-year old members of the Circleville Mission, Lowery Lane.

The party was held in the Mission from 3 until 5 p. m. More than 40 children attended. They were served milk, donated by Med-o-Pure Dairy; oranges, donated by A & P, and cookies baked

ed by wives of Jaycees. More than 200 gifts were donated by local merchants. The majority of the gifts were distributed yesterday, but a number of packages will be meted out Christmas Day by the Mission and City Patrolman Roderick List.

The Jaycee Club purchased 35 shirt and trouser outfits for the children present. Mrs. Alice Huff, 339 E. Union St., was in charge of the Mission arrangements.

## Peruvian GI Quad Amputee Sees U.S. Yule

CLEVELAND (AP)—A 24-year-old private — a quadruple amputee from Peru—arrived here from Washington Sunday night to spend his first American Christmas.

Bubbling with excitement was Pvt. Cesario Acosta - Alvarez, accompanied by Airman Newton D. Baker. Both were patients at Walter Reed Army Hospital in Washington where they became firm friends since Acosta arrived from Peru last August.

For the next 16 days, Pvt. Acosta will be the guest of Mr. and Mrs. Ernest A. Fesco, in suburban North Olmsted. Airman Baker is Mrs. Fesco's brother.

"This was his first train trip," said Baker, who speaks Spanish fluently. "Cesario was impressed with the speed of the trains. He really enjoyed it."

Acosta lost his limbs when a 37 mm. shell exploded in his hands during training exercises with the Peruvian army in 1956.

"Cesario always has a smile on his face from the minute he gets up in the morning until he goes to bed at night," said Baker. "I haven't seen determination like his in all my 18 years in the Air Force."

Mrs. Fesco said she worried that Cesario wouldn't come. She explained that every time he called, he would ask: "Do you really want me to come? Do you really?"

"We had to assure him it would be wonderful for him to visit," said Mrs. Fesco, adding: "If we can make Cesario happy, what better way can we spend the Christmas holiday season?"

**BABY FOUND DEAD**—Miss Betty Jean Groton, 22, gives the camera a wide-eyed look in Colonie, N. Y., as she faces a first degree manslaughter charge in the death of her newborn baby. Her father found the baby's body in suitcase in the Groton home in Poughkeepsie. Baby was born in October.

## Rabbi Silver's Son Gets Recognition

CLEVELAND (AP) — Daniel Jeremy Silver has been made a full Rabbi, of equal status with his famed father, Rabbi Abba Hillel Silver, as spiritual leader of the Temple.

The temple is believed to be the only Jewish congregation in America having a father and son at its helm. The son is destined to continue as Rabbi of the 2,400-member congregation on the retirement of his father, who will be 67 next month.

Rabbi Daniel Silver was graduated from Harvard in 1948 and from Hebrew Union College—Jewish Institute of Religion, Cincinnati, in 1952.

## Canton Council Cool On Ice Skating Rink

CANTON, Ohio (AP)—A plan to install an ice skating rink in this city's Memorial Auditorium at an estimated cost of \$125,000 got a cold reaction from city councilmen Monday night. By a 12-3 vote they turned down proposals to spend \$3,500 for preliminary plans and designs.

# Tom Jenkins Dies at 79

## Former Congressman Elected 17 Times

COLUMBUS, Ohio (AP)—Former Republican Rep. Thomas A. Jenkins, who for 34 years represented southern Ohio in the U.S. House of Representatives, died Monday night in a sanitarium in suburban Worthington. He was 79.

Jenkins, who was elected 17 consecutive times before retiring in 1958 because of a heart ailment, represented the eight counties of the 10th District. They include Lawrence, Jackson, Fairfield, Hocking, Vinton, Gallia, Meigs and Athens.

A native of Oak Hill in Jackson County, he was born Oct. 20, 1880. He worked in the coal mines of that area in his youth and taught school when he was still in his teens. In 1907 he was graduated from the Ohio State University Law School and immediately opened an office in Ironton which he maintained ever since.

After serving two terms as Lawrence County prosecutor Jenkins moved into state politics in 1922 when he was elected to the Ohio Senate.

Two years later he began his long tour in Washington. He had announced himself a candidate for an 18th term in 1958 but the heart ailment caused him to withdraw his name shortly before the May primary.

Even though he asked his constituents not to vote for him, Jenkins received 17,514 votes in the November 1958 election, only 618 less than Homer E. Abele, the unsuccessful GOP nominee.

In 1936 when President Roosevelt swept Democrats into office was the only Republican elected to Congress from Ohio. At that time Ohio had two Democrat senators and a Democrat governor.

In 1956 he was elected without opposition.

At his retirement, Jenkins was the second-ranked Republican on the powerful House Ways and Means Committee.

A strong backer of public works legislation, Jenkins sponsored a flood control bill in 1948 which resulted in Ironton's five-million-dollar flood wall. Later the U.S. Army Engineers named a lake and dam in Athens County after him. The lake now is called Lake Burr Oak but the dam still carries his name.

He is survived by his widow, Mabel, and a sister, Miss Margaret Jenkins, of Cincinnati.

Services will be held at 2 p.m. Thursday at the First Methodist Church in Ironton. Baker Funeral Home in that community is handling the arrangements.

## Fremont Council OKs Transit Line Purchase

FREMONT, Ohio (AP) — Two ordinances putting the city of Fremont in the bus company business became law Monday in spite of Mayor C. W. Auxter's disapproval. At the Nov. 3 election voters approved a petition for purchase of the Fremont Transit Lines for \$24,000. The system operates seven buses on four routes from 6 a.m. to 7 p.m. daily except Sunday.

## Shredded Wheat for Brains

DEAR ABBY: What do you think of a husband who says if you wear eyeglasses he won't be seen walking down the street with you? I am 55 years old and we have been married 36 years.

I started getting bad headaches and the eye doctor told me I needed glasses. I bought myself a beautiful pair and I paid a lot of money for them, too. Everybody says they look real nice but my husband says that any kind of eyeglasses look awful on a woman.

I keep telling him I can't see without them, but he says he doesn't care if I go blind. Please tell me what I should do next?

LADY WITH GLASSES  
DEAR LADY: Your husband must have shredded wheat where his brains belong. For goodness sake, wear your eyeglasses! If he refuses to be seen with you, let him hide out.

DEAR ABBY: I have a weekly standing appointment at the beauty parlor. I have a shampoo, set and manicure. I tip each girl 25c. That makes 75c every week.

I am a working girl and pay room and board at home and buy my own clothes and try to save a little for vacations. I am not exactly "poor" but I can't afford to tip like that and buy them gifts at Christmas, too. I don't want to look cheap. What should I do at Christmas?

WORKING GIRL  
DEAR GIRL: Simply say "Merry Christmas!" (P. S. But if you feel "cheap" at Christmas time because you have not given them a gift, buy them a Christmas gift, and during the year simply say, "Thank you".

DEAR ABBY: I am very much in love with Steve but I am beginning to wonder if the feeling is mutual. He claims he loves me, but all he ever does when he comes to my house is EAT!

My mother is the one who feeds him and she doesn't seem to mind—but I do. The reason I am bothered is because when I am near Steve I can't eat a thing.

That's the way love affects me. But Steve eats like a horse. Can't love be one-sided? Or doesn't love affect a boy's appetite the way it affects a girl's? We are both 17.

STEVE'S GIRL  
DEAR GIRL: NOTHING affects a teen-aged boy's appetite. Not even "love." In fact, most young men shovel in additional calories in order to keep the fires of love burning. Don't worry. If he says he loves you—believe him and pass the potatoes.

What's your problem? For a personal reply, write to ABBY, care of this paper. Enclose a stamped, self-addressed envelope.

## Steel Union Wives Shun New Proposal

LORAIN, Ohio (AP)—A sample vote among steelworkers' wives was 1,562 to 129 against accepting the latest contract offer of management, Local 1104 of the Steelworkers Union reported today.

George Pashkevich, vice president of the local, said union officials were pleased that the wives are backing the union's position so strongly.

The local represents workers at the National Tube Division of U.S. Steel Corp. Preparations are being made for the official poll, among members only, in the latter part of January.

Dr. Bernard Finch

Donald Williams, 23, testified that Carole Tregoff asked if he knew of two "tough guys" to do a job.

Mrs. Barbara Finch, 33-year-old victim.

Marie Ann Lidholm, 19, Swedish exchange student who was a maid in the Finch home. She told what happened the night Mrs. Finch was killed, including tussle with Finch.

Carole Tregoff looks pensive in court . . . and sobs as freedom on bail is refused.

LOVE SLAYING, THAT'S THE PROSECUTION PITCH—An account of the murder of a beautiful wife for love of a former receptionist is the tale the prosecution promises to unfold in a Los Angeles court in trial of wealthy Dr. Bernard Finch and Carole Tregoff, 22. The former Las Vegas cocktail waitress and former receptionist of Dr. Finch is accused jointly with him. Dr. Finch's estranged wife, Barbara, was shot to death in the yard of the \$65,000 Finch home in West Covina the night of July 18. The state claims she was killed so a divorce couldn't drain off the doctor's money, and he and Carole would have it.

# Clermont County Base Gets Its First Nike Missile

CINCINNATI (AP)—A Nike missile, the first that will be installed for the air defense of a tri-state area around Cincinnati, has arrived at battery site near Felicity in Clermont County.

The Felicity base is one of four that will be armed with 18 of the Nike missiles. The others are at Wilmington and Oxford, Ohio, and Dillsboro, Ind. All four batteries are expected to be armed by late January.

The first Nike to arrive was the Hercules but all four batteries will have both the Hercules and the smaller Ajax.

The weapons are designed to bring down manned bombers or "air breathing" missiles rather than ballistic missiles.

Lt. Col. Charles Arvin, commander of the Fifth Missile Battalion, said the Nike is capable of carrying nuclear warheads but he wouldn't say whether the ones installed in this area would be nuclear-tipped.

No Nike ever will be fired from the bases here unless there is an

attack but men stationed at the batteries will do some practice work—raising it to firing position against imaginary enemies.

The Nike Zeus, the nation's anti-ballistic weapon, still is in the process of development but officers said it isn't likely it ever will be installed in this area.

Asked whether the Nikes here might be obsolete even before they are installed, Col. Arvin said, "only if you assume that all manned aircraft are immediately going to be obsolete."

Each of the four batteries can operate independently although they are under the control of the battalion commander at Wilmington. And once the Nike is fired there is a device by which it can be exploded if it suddenly turns out the approaching aircraft is friendly.

# Cincinnati '5' Voted as Top Team of Nation

**Bearcats Get Backing Ahead of W. Virginia Ohio State Is Third**

By THE ASSOCIATED PRESS  
 Undeclared Cincinnati, called by some coaches as the "finest college team ever assembled," is the No. 1 cage team in the nation. Sports writers and broadcasters participating in the Associated Press' first weekly poll of the season, gave the Bearcats a wide margin over the rest of the field Monday, giving the m55 of the 120 first place votes. In the point score, the Bearcats received 956 points to 820 for runner-up West Virginia, which drew 30 first place votes.

Following the two pace setters were Ohio State, California, Bradley, Utah, St. Louis, Georgia Tech, Indiana and Illinois, in order. Six of the top ten are undefeated. Ohio State and Georgia Tech tasted defeat for the first time Monday night. The Buckeyes bowed to Utah 97-92 and the Engineers were beaten by SMU 80-71.

Cincinnati, averaging better than 100 points a game in five straight victories, meets fifth-ranked Bradley tonight before competing in the ECAC Holiday Festival in Madison Square Garden beginning Saturday. Other top ten teams scheduled tonight include seventh-ranked St. Louis (6-2) against Kansas, third-ranked Ohio State (6-1) vs Brigham Young, eighth-ranked Georgia Tech (6-1) vs. Texas Tech, and ninth-ranked Indiana (4-1) vs. Butler.

West Virginia (8-0) won't see action until it goes into the Los Angeles Holiday Festival next Monday but fourth-ranked California (5-0) has a big game against a strong Michigan State team Wednesday. Utah and Indiana also play Wednesday. The Utes will meet College of the Pacific and the Hoosiers will face Butler.

Favorites fell by the wayside in Monday night's action but 10th-ranked Illinois managed to keep its slate clean, nipping Oklahoma 60-57 in overtime. The biggest upset was perpetrated by Brigham Young which defeated Michigan State 79-75.

UCLA edged Minnesota 73-72. Wisconsin topped favored Stanford 61-60. Providence took a 62-60 decision from Santa Clara. Denver beat Michigan 71-65. Creighton won over Seattle 77-70 and Miami of Florida beat Miami of Ohio for the first time, in four years, 83-78.

Utah led by Billy (The Hill) McGill, led Ohio State all the way in racking up its seventh victory without a defeat. The sixth-ranked Redskins led at halftime 49-44. The 6,000 fans in the Ute Fieldhouse went wild as the 6-9 McGill scored 31 points. Scoring honors, however, went to Jerry Lucas of Ohio State. The 6-8 sophomore sensation netted 32 points.

## Lucas Widens Lead As Big Ten Scorer

CHICAGO (AP)—Jerry Lucas, Ohio State's sophomore star, has widened his lead in the Big Ten all-games basketball scoring race. Lucas has 182 points in seven games for a 26-point average.

His closest challenger is John Tidwell of Michigan. Tidwell, on the strength of two 31-point performances, climbed into second place with 120 points in five games for a 24-point average.

Terry Dischinger of Purdue and Larry Siegfried of Ohio State are tied for third with 116 points each. Dischinger's came in five games for a 23.2 average while Siegfried has played seven games for a 16.5 average.

# CHS Athletic Assn. Hopes To Liquidate Deficit Soon

The past football season here played a big part in reducing the Circleville High School Athletic Assn. deficit of \$6,146.83.

Last spring the association set a goal to liquidate the bothersome deficit. It now appears that the goal will be reached this school year.

CHS football this season brought a net profit of \$2,717.32, according to an association financial report. It proved to be a large factor in paying old bills.

The first break in reducing the deficit came this fall when the Circleville Booster Club purchased new uniforms for the football team at a cost of about \$900.

**THE ATHLETIC** association felt that its budget could not stand a grid uniform purchase, so the Booster Club agreed to foot the bill. The uniforms have been cleaned and stored and will be in excellent condition for next year.

According to the financial report, total receipts including money on hand stands at \$5,642.19. Expenditures since Sept. 1, 1959 totaled \$4,271.94, leaving a balance on hand of \$970.25.

Here is the association's breakdown of expenditures for the past football season: \$1,103.22 paid on notes and interest; \$1,795.16 paid for equipment; \$1,487.32 paid for game expenses such as police, officials and other; and \$286 paid for miscellaneous bills.

The financial report disclosed that the \$6,146.83 deficit has been reduced to \$3,051.77. Anticipated receipts for the rest of the school year indicated that this debt could be liquidated by June 1960.

Along with the \$970.25 balance on hand, the athletic association anticipates \$1,000 from a successful basketball season and a \$1,000 profit from concessions from the Ross

County basketball tournament which will be held here this year. Another \$200 profit is anticipated from a special girls' basketball game scheduled here March 17. The girls' cage team is the Arkansas Travelers, a renowned court outfit.

**ACCORDING** to spokesmen, biggest task facing the athletic association is paying for football bleachers, purchased here several years ago at a cost of \$12,000. Three \$1,000 notes still are outstanding on the seats, meaning that the athletic association will not be out of the red until the notes are paid off.

Members of the athletic board said there are several reasons why the athletic program is difficult to finance at Circleville. They cited expensive examples of athletic equipment by noting that the football team needs 60 helmets at \$25 each and 60 shoulder pads at \$15 each.

Board members said paying annual interest on the bleacher notes created another hardship. They said in the past the athletic association has paid large medical and hospital bills incurred by sports injuries. This situation prompted the association to ask each athlete to carry his own insurance.

Members said another setback came in the 1958 football season here which was marked by bad weather and small crowds at all home games but one.

The football picture took a turn for the better this season. The weather improved and large crowds were on hand for home games.

The association concluded its report by noting that the athletic picture at CHS looks brighter than it has for the last several years.

The financial report was signed by members of the high school athletic committee. They are George

A. Hartman, superintendent; J. Wray Henry, principal; Robert Elsea, board of education; Richard Snouffer, basketball coach; Carl Benhase, football coach; and Gordon Anderson, faculty manager.

## Dupont Loop Has 2 Tilts

Two games in the Dupont cage league this week saw "D" team down "B" Finishing, 48-32, and "A" Finishing take the Coating five, 40-39, in an overtime.

Stonerock with 21 points led the "D" win, assisted by Kaiser's 11. Timmons with 11 and Loy 10 were tops for the losers.

The "A" Finishing-Coating regulation game ended, 35-35, requiring another period for a decision.

"A" Finishing was paced by Rhoades' 13 points. Turner had 15 for the losers.

Summers will continue to represent the league in off-the-field assignments.

## Bucks Handed First Defeat

**Utah Knocks Ohio '5' Off Lossless Perch**

By THE ASSOCIATED PRESS  
 Ohio State's third-ranked Buckeyes were handed their first defeat in seven games Monday night at Salt Lake City as the Utah Redskins came off with a 97-92 victory.

Big Jerry Lucas retained some of the Ohio glory as he won the heralded sophomore scoring duel with Utah's 6-foot-9 Billy McGill. The 6-8 Lucas tallied 32 points, one more than McGill.

The Redskins, who notched their seventh in a row without a defeat, ran up a 10-point lead early and held it through much of the first half, which ended 49-44.

Utah opened an even wider margin in the second half and appeared headed for an easy win until Lucas, Larry Siegfried and Joe Roberts teamed up to trim the gap to two points, 77-75, with a little more than five minutes left.

The Redskins, however, added a little to the lead and then started freezing the ball.

Ohio teams broke even in a big doubleheader at Fort Wayne, Ind. Miami of Florida won its first game from Miami of Ohio in four tries, dumping the Oxford Redskins 83-78 in the opener, and Xavier nipped The Citadel 94-91 in the finale.

The holiday show was set up because all four teams have players from the Fort Wayne area.

Although it was a neutral floor for all of the teams, the high-point man for the night felt right at home. The Florida school's little (5-foot-6) Dick Hickox, who played on the coliseum court while attending Fort Wayne North Side High School, poured in 28 points to lead the Hurricanes to their win. Vern Lawson had 20 to top the Redskins (2-5).

Xavier, beaten only once in six starts, never had a comfortable lead over The Citadel and trailed 47-46 at the half. Jack Thobe paced Musketeer scoring with 24 points. Art Musselman, another Hoosier, had an equal total for the losers, who feature a raft of Ohio-bred players too.

In the only other games on the Ohio card, Akron, hitting on 56 per cent of its shots from the field, swamped Kent State 93-68, and Transylvania of Lexington, Ky., weathered a late Ohio Wesleyan rally to edge the Bishops 73-71.

### KHS-SHS Game Off

The Kingston - Scioto basketball game, scheduled for tonight, has been cancelled. It has been rescheduled for Feb. 13, 1960 at Kingston.

High grade gold ore was found in 1880 at White Oaks, N. M., by George Wilson who was then fleeing from a sheriff's posse. He immediately sold his claim for \$40.

## Roy Cohn Set For Bid as Ring Promoter

NEW YORK (AP)—Roy Cohn was ready to make his big pitch today before the New York State Athletic Commission for a license to promote the return Ingemar Johansson-Floyd Patterson heavyweight championship fight.

At the moment, Cohn has the field pretty much to himself. He has bought out Vincent Vellella's controlling interest in Rosensohn Enterprises, which holds the return bout contracts. He shelled out—with the help of his 10-man syndicate—\$150,000 for the two-thirds interest.

He hopes to buy out Bill Rosensohn's other one-third interest before long.

"We talked about it yesterday," Rosensohn said, "and we may get together again today. We're not too far apart in price. It's possible the transaction will be completed soon."

One thing is certain: Cohn and Co. won't get a license today. The State Athletic Commission had its fingers burned in the aftermath of the first fight last June 26 in which Johansson won the crown.

If Cohn and his group are elected, they plan to stage the bout in the Yankee Stadium here in June. Humbert (Jack) Fugazy, who used to runs boxing shows in the 1920s, will be the promoter.

Fugazy, 72, is brimming with optimism.

## The World Today

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP)—The year 1960 should become known as the time of the big switch—when foreign affairs became a little more human and a little less snarled in what is called diplomacy.

Western leaders—brushing aside the ancient tradition of letting foreign ministers dicker and deal and diddle on details—have proposed not one but a series of summit conferences with the Soviet Union.

Even if they don't accomplish much, or anything, at least they will be brief and direct and save the world from that gruesome frustration of the long-drawn-out hairsplitting, minutiae—dancing of the ministers.

Many forces—both men and events—have brought the West to this startling development in world affairs.

The wartime meetings of President Roosevelt and British Prime Minister Winston Churchill—occasionally with Joseph Stalin—broke for a while the old reliance on foreign ministers to find the answers.

The tradition took over again after 1945 when the cold war set in and the sullen, inscrutable Stalin poked for weak spots in the West: pressure on Greece and Turkey, Communist seizure of Czechoslovakia, the Berlin blockade, Korea.

The years between 1945 and Stalin's death on March 5, 1953, were hardly a time for talking peace. He seemed to want no peace. The foreign ministers never solved a major East-West problem.

Ministers began to seem out of date in this new age when the new planes could take the top men anywhere in a few hours and there was less and less reason for them to stay at home. It took them a long time to realize it.

Shortly after he took office, on Feb. 25, 1953, President Eisenhower was asked at a news conference whether he would be willing to meet with Stalin. He said he would, if he thought it could do good.

Nevertheless his underlying feeling about meeting the Soviets then and for years afterwards, was extremely cautious, and hedged around with requirements that preliminary conditions be met. This was also the attitude of Secretary of State John Foster Dulles, Eisenhower's chief foreign policy adviser.

On March 2, 1953, Churchill said

he would be willing to meet with Stalin and Eisenhower. Three days later Stalin died. A transformation began. His successors began talking of peace.

But perhaps more impressive than that was the fact that the Soviet Union began to show astonishing power—with the hydrogen bomb, missiles, and Sputniks.

The nuclear development in the United States and the U.S.S.R.—with all that it meant in devastation if war came—began to make all other wars look as simple as the Fourth of July. It increased the reasons why the West and the Soviet Union should try to find some settlements.

While Churchill was willing to go to the summit without assurances it would produce agreements and even with an agenda—prior agreement by both sides on what should be discussed—Dulles took a different line. So did Eisenhower.

They wanted the Soviets to show by deeds a meeting would be worthwhile. Time passed. The war in Korea ended, at least in armistice. The U.S.S.R. let Austria have freedom. The Soviets kept talking peace.

On May 11, 1953, two months after Stalin's death, Churchill called for a summit conference. This government was cool, laid down its condition of deeds, not words. Time passed and with it enough talk on this subject to fill a book.

Finally, on March 20, 1955 Sen. Walter F. George (D - Ga.), now dead but then chairman of the Senate Foreign Relations Committee, suggested it was time for a summit conference. This was a big nudge to Eisenhower.

## Twyman Is Ahead Of Towering Stilt

NEW YORK (AP)—Jumping Jack Twyman and his soft one-handed push shot are running ahead of towering Wilt Chamberlain in the National Basketball Assn. individual scoring race. Twyman, the nucleus of a weak Royals' team, likely will be the first NBA player to pop in 1,000 points this season. He has 987 for a 30.8 average, league statistics released today show.

Twyman now leads the 7-1 Chamberlain, who has played in five less games, by 30 points. The Stilt, however, is averaging 35.4 points a game.

## Wilhelm Collects Earned Run Title

BOSTON (AP)—Hoyt Wilhelm, 36-year-old Baltimore knuckleballer, climaxed a brilliant pitching comeback in 1959 by winning the American League earned run title, the official averages released today showed.

Wilhelm yielded only 55 earned runs in 226 innings for an ERA of 2.19. Camilo Pascual of Washington was second with 2.64 followed by Bob Shaw of the Chicago White Sox, 2.69 and Art Ditmar, New York, 2.90.

POLIO VICTIM'S CHRISTMAS WISH COMES TRUE—Ronnie Bartberger of Cleveland, just turned 13, who wanted a mule as a combination Christmas gift and birthday present, answered a newspaper ad and won Clara in a contest. It was delivered to him by plane by officials of the "Millionaire" TV show. The polio victim wanted a mule so he could go where other boys go and even ride to a grocery store.

## 1959 Destined To Go Down As 'Year of Reluctant Dollar'

By WILLIAM FERRIS  
Business News WRITER  
NEW YORK (AP)—You can put down 1959 as the year of the reluctant dollar.

Dollars were plentiful enough, but people weren't anxious to loan them at the interest rates of recent years. People thought they could find better uses for money—such as buying stocks.

Result: Interest rates soared. To lure out the reluctant dollars, such a blue chip corporation as American Telephone & Telegraph had to pay interest of 5.27 per cent. The U. S. Treasury paid 5 per cent. As for John Doe and Mary Jane—well, if they wanted to buy a house their interest on a conventional mortgage likely exceeded 6 per cent.

There were other interesting events:

Living costs went to an all-time high. The gain came despite a drop in food prices, which represent 30 per cent of the spending of the average city family.

Defense efforts were shifted from manned aircraft to missiles, but America remained far behind Russia in the space race. Russia hit the moon, took a picture of its far side and put the first artificial planet into the skies.

Strikes broke out like a case of measles on a freckled face, and they lasted longer. The steel strike ran 116 days, a record, before the workers trooped back to the mills under a Taft-Hartley Act injunction.

Business boomed. The steel strike caused production cutbacks late in the year but didn't undermine business confidence. Labor Secretary James Mitchell had to eat his hat (pastry) when unemployment totaled more than three million in October.

Strange sights appeared in some downtown areas—autos were kept off streets; trees, evergreens and potted plants grew where traffic jams had existed. This was the "mall" idea, tried frequently with mixed results. But retail sales set a new record nationally.

The Big Three in the auto industry returned to reality after denying for years that Americans wanted smaller, more economical cars. They introduced smaller, more economical cars. Foreign car imports again soared.

Speculation became so apparent in the stock market that even

Exchange officials noticed it. They embarked on a campaign cautioning the little fellow against getting in too deep. Prices soared early, dipped later. Volume totaled more than a billion shares for the first time since 1930.

And, just so you'll feel normal at the start of those so-called Golden Sixties, consider this: Starting Jan. 1 Social Security tax rates will be boosted by one-sixth.

## Running Dog Touches Off Mishap Series

HAMILTON, Ohio (AP)—A dog running across a highway touched off a chain of accidents near New Miami Monday night that brought death to Moss Prueitt, 35, a member of the Hamilton Fire Department emergency squad.

Prueitt was struck and killed by a car driven by Frank Elmes, 69, of West Elkton after Prueitt had alighted from his own automobile to assist in clearing up a previous accident.

State Highway Patrolman Arthur Robinson reconstructed the chain of events in this manner: Dorothea Johnson of Seven Mile suddenly applied the brakes of her car when the dog ran in front of her. Marvin Lakes of Seven Mile, driving behind her in a truck, hit the brakes of his vehicle and it swerved to one side and overturned.

Prueitt, seeing the mishap, stopped to offer aid. Another truck then approached, followed by Elmes in his car. When the truck suddenly slowed, Elmes applied the brakes. His car swerved to one side, hit Prueitt, sideswiped the fireman's car and crashed through a fence into a field.

### Arsonist Suspected

WARREN, Ohio (AP)—A broken window which may have been the means of entry for an arsonist has caused investigation of a fire that did \$30,000 damage Sunday to the Better Homes Service Co. The company, which makes kitchen cupboards, storm windows and doors, has been forced to suspend operations.

## Weekly Food Review

By THE ASSOCIATED PRESS

Your Christmas turkey is going to cost more than last year. And the price is up from Thanksgiving.

Although prices naturally vary around the country, turkeys at the big supermarkets in the New York metropolitan area range from 45 to 51 cents a pound, depending on size. Last year the range was 35 to 45.

Turkeys and hams are universal specials on the meat counters this week. Ham prices range from 49 to 59 cents a pound.

With the emphasis on these two holiday favorites, there are good bargains in beef, pork and lamb. Sirloin prices are down as much as 16 cents a pound. In some areas, loin pork chops dipped 6 cents a pound and leg of lamb declined 16.

The week's specials in the vegetable and fruit departments include typical holiday fare such as broccoli, brussels sprouts, sweet potatoes, white onions, delicious apples and California naval oranges.

With the alarm over contamination of cranberries having simmered down, the traditional red berries are among best buys.

Best buys in vegetables include large artichokes, packaged small

carrots, collards, kales, endive, escarole, small to medium yellow onions, Eastern potatoes, radishes, Italian type squash, sweet potatoes and turnips.

In the "good buy" classification are beets, cauliflower, broccoli, brussels sprouts, celery, Chinese cabbage, mushrooms, spinach and iceberg lettuce.

Best buys in fruits are Eastern apples, avocados, limes, oranges, grapefruit and tangerines.

There are good buys in pears, lemons and Western oranges.

### Cleveland Suburb Puts Power Lines Underground

CLEVELAND (AP)—Suburban Lyndhurst councilmen passed legislation Monday night requiring that any new power lines of 33,000 volts or more must be underground. The ordinance is patterned on legislation passed in neighboring Euclid, which went all the way to the Ohio Supreme Court to win legal support for its ordinance.

## Plans Set for 93 Separate Bargaining Sessions in Steel

WASHINGTON (AP)—Federal mediators plowed ahead today without visible progress while plans sprouted for 93 separate bargaining sessions across the country next Sunday.

Seemingly to the surprise of some unionists, industry negotiators bowed quickly Monday to the demand of United Steelworkers President David J. McDonald for company - by - company negotiations.

This scrambled the bargaining picture. McDonald apparently hoped that by bringing the responsible executives of every big and little steel firm into direct talks, he could crack the industry front which has held almost completely

solid for eight months against the union's wage and benefits demands.

There was no immediate sign, however, that any of the smaller companies were ready to offer their local union leaders any more than the industry's top negotiating team has offered McDonald.

Each company has its own contract with the union, even though the bargaining up to now has been on an industry-wide basis.

The continuing deadlock made it almost certain President Eisenhower, returning to the capital tonight after this 11 - nation peace mission, won't get the homecoming present he requested when he left a signed and sealed steel agreement.

Federal Mediation Director Joseph F. Finnegan scheduled morning and afternoon meetings today between top union officials and the industry's negotiating team. They met Monday for the first time in 10 days, but reported no progress.

Finnegan said there probably will be more sessions as the week advances perhaps even next Sunday, while the dozens of home town negotiations are going on.

Both wages and working conditions are at issue. The companies have contended the wage increases demanded by the union would spur inflation. The union, in turn, has rejected company demands for a freer hand in changing work rules to increase efficiency. The workers averaged \$3.11 an hour when the strike started last July.

## Car Struck By Engine

The sheriff's department has completed investigation on a car which was struck by a Norfolk & Western train north of here Sunday.

The car, previously operated by William Mumaw, 15, of 143 York St., was empty when struck. The vehicle was stranded on a stretch of N & W tracks about three miles north of here.

Mumaw told Deputy Charles Felkey that he tried to get the stalled auto off the tracks. He said he also made an attempt to flag the oncoming freight train.

The locomotive engineer said he saw Mumaw trying to halt the train, but said he couldn't stop in time.

Deputy Felkey said the car was demolished.

## Columbusite Is Held In Fatal Shooting

COLUMBUS, Ohio (AP)—A man identified by police as Jerry Cantrell was being held for questioning in the fatal shooting of George F. Atkins, 33, of Columbus.

A man fired four rifle shots into Atkins' back Monday night in an East Side bar. Atkins was dead on arrival at Lincoln Memorial Hospital.

Following the shooting, police said, Cantrell jumped into the Olentangy River. He was pulled out and taken to University Hospital.

on my skate date  
it's "CHICAGO" RINK SKATES

There's simply nothing like dancing on skates... especially CHICAGO rink skates! They're so smooth... so light on your feet... you dance like an angel. For your skate dates insist on ankle flattening CHICAGO shoe skates. Beautifully assembled at the factory they are the finest rink skates your money can buy. Look for the guarantee tag on the tongue of each CHICAGO shoe skate. It's there for your protection.
